# ORINDA SUN

Vol. XV, No. 24 — Lafayette — Orinda, California — Friday, August 23, 1957 — Ten Cents

# Civic Affairs Unit Hears Supevisor

PICKING is the first step in harvesting of the big pear crop in this area. This worker is one of many gathering the luscious fruit in the Moraga Valley.

SORTING the pears comes next. Many persons are involved in this activity. These young people seem to be enjoying their chores in the Moraga Valley—but it's hard work, too. —Sun photo by Mattson

SHIPPING the crates of pears follows. After being loaded on flatbed trucks in the Moraga Valley, the pears reach food markets—and, soon, the homes of thousands of people.

## Contra Costa Pear Season Nears End--Trucks Roll

By ERWIN MATTSON

The past month has seen the pear season in full swing as thousands of boxes of the bell-shaped friut have moved on the local highways — some headed for the canneries, some to the dryers, some to the ice houses and others to the select Eastern market.

Pears in Contra Costa County are a long-time crop, with some trees in Alhambra Valley reported to be over 100 years old and still bearing with considerable vigor.

Many in the immediate local area are close to 50 years old, but it is doubtful if many will hit the century mark, as subdivisions continue to cut down acreage.

Many home owners inherit the pear trees only to discover soon that forgetting to spray, prune and cultivate results in a rapidly diminishing return of the golden fruit, not only in number but also in quality.

The three large producers are the Bishop Ranch in the vicinity of Danville, the Moraga Ranch and Burton Orchards, located to the south of Lafayette and Orinda.

Hundreds of pickers invade the area during the season, with many coming from Southern California, and will move on to other crops as the season ends late this month.

One of the picturesque sidelights is the host of roadside stands with their improvised signs "Pears for Sale"—manned for the most part by youngsters in business for themselves, with their few yard trees as a source of supply.

One particularly enterprising youth along the Moraga Road leading from Orinda had a sign "49er Favorites," out of respect to the pro football players training at nearby St. Mary's College.

## Two Democrats Announce 1958 Assembly Candidacy

By LOU CANNON

With the 1958 primaries still 10 months away, two candidates have already declared their intentions to seek the Democratic nomination for the assembly seat currently held by Assemblyman Donald Doyle.

Another prospective Democratic candidate has said he is "considering running" but hasn't made up his mind.

**THE SUN** reported in May that Doyle would probably not seek reelection to the 10th District seat and last month reported that the Lafayette Republican would seek the Republican state chairmanship next year.

Antioch attorney Jerome Waldie told The Sun that he will "certainly seek the nomination and would be very pleased if I could get it."

Admitted to the bar in 1953, Waldie is an Antioch High School, University of California and Bolt Law School graduate. He is also a California Democratic Council representative from the 10th AD.

**FRANK HANRAHAN**, an engineer in the County Public Works Department, has said that he is considering running. Hanrahan is the vice-president of the County Federation of Democratic Clubs and Sixth Congressional District representative for a CDC-scheduled legislative conference.

He is chairman of the Citizens Water Committee.

Walnut Creek schoolteachers Tom Kendall has also announced his candidacy for the assembly post. Kendall, an active Democrat, has stated his concern with the problems of school financing.

Russell Koch of Pleasant Hill. Democratic candidate in 1956, announced that he would not be a candidate for election in 1958.

Dave Bortin, Concord attorney and member of the county central committee said that he is not planning to be a candidate "and if I were, I wouldn't tell you."

## Members OK Move to Sell Church Property

At the State Allocation Board of the church last Sunday, the members of the Orinda Community Church authorized the church's Board of Trustees to negotiate with interested parties, looking toward possible sale of the Community Church property and the acquisition of other suitable acreage on which to build.

The church has been negotiating with the Orinda Association regarding possible asquisition of adjacent Orinda Community property, now owned by the association.

However, these negotiations—in which the association hoped to receive enough money for a down payment on 10½ acres of Pine Grove land now owned by Pacific Intermountain Express Company have apparently struck a snag because of a July 15 deadline and an increase in price announced several weeks ago to the association by PIE.

The Community Church is faced with the need to expand. The latest development is an effort to explore possible relocation of the church if the Community Center impasse continues.

## Orinda Man Aids Rescue At Swim Pool

John Hollenbeck of 29 Meth Drive, Orinda, aided in the rescue this week of an Oakland man who last consciousnes under water at the Turtle Rock Ranch pool near Walnut Creek.

The near-victim, Frank Heath, 28, had been swimming in the pool, and noticed his wallet missing later. He dived into the water, but failed to come up.

Hollenbeck and James Robertson of Oakland dived in and pulled Heath out. He was admitted to the Kaiser Hospital in Walnut Creek.

## Washington Ln. Job Gets Nod

Work Order 4346 for installation of 400 feet of 6-inch perforated metal pipe on Washington Lane, in the Sleepy Hollow section of Orinda, and for repaving of base failures on Washington Lane was approved by the County Board of Supervisors Tuesday.

The job is to be performed by county forces, at an estimated cost of $2700.

Supervisorial approval was on recommendation of County Public Works Director Victor Sauer.

## Housing Authority Case Still in Mill

No subpenas are in the mill and no indictment proceedings are foreseen by this office at the present time, said United States Attorney Arthur Burke to The Sun this week, in reference to the Contra Costa Housing Authority case.

Despite persistent rumors that the evidence would be turned over to a federal grand jury "at any minute," Burke noted that his ofifce in San Francisco had received no official notice from the General Crime Division of the United States Department of Justice, Attorney General's Office, Washington, D.C.

Accusations have been hurled at Ronald Howard, executive director; Geroudl Gill, chairman of the board of directors, and George Weiss, a commission of the authority that they used for positions for personal gain. The charges were made by Fred Anthon, ousted maintenance superintendent of the authority.

Burke noted that he had not been in contact with J. J. Sullivan, compliance division, Federal Homes and Housing Agency, since the case first broke last May.

Gill has served as a commissioner of the authority since 1941 as has Weiss. The suspension of Howard was asked at the May meeting of the commission but was voted down by a three to two vote of the commissioners.

## Col. Braly Has Two Okinawans As House Guests

Two Okinawa students—young men who are graduate university students—are back at Mills College after having spent a week as house guests of Colonel and Mrs. Wililam C. Braly of 16 Sanborn Road, Orinda.

The Okinawans are Shizuo Iha, 20, and Iakeshi Kanemoto, 31.

Each year the U. S. Army, in cooperation with the English Language Institute at Mills College in Oakland, selects a number of Okinawa students for a six-week orientation course before they go on to graduate study at other American colleges.

**ONE WEEK** of those six weeks is spent at the home of a family in this general area.

Iha and Kanemoto returned to Mills College Wednesday afternoon. They had originalyl arrived at Mills about a month ago. Both of them are in this country without their families. They are both married; each has one child.

Iha is 30 years old; his field is sociology and he will enter the University of Washington in Seattle this fall. He is a graduate of Japan College at Tokyo.

Kanemoto is 31. He is interested in social work and will attend the university of Kansas this fall. He is a graduate of the University of Doshisha at Kyoto, Japan.

**COLONEL BRALY**, now retired from the Army, was operations officer on Corregidor at the time of Pearl Harbor. He was a Japanese prisoner of war for three and a half years, at eight different Japanese prison camps.

His book about his experiences, "The Hard Way Home," was published in 1947.

Colonel and Mrs. Braly have visited Okinawa. Mrs. Braly is vice-regent of John Rutledge Chapter, Daughters of the American Revolution; last year she was regent of the chapter.

## Judge Jacoby Will Retire From Superior Court Job

Judge Harold Jacoby, veteran of 16 years on the Superior Court bench and a lifelong Democrat, will resign his judgeship in the near future.

Eligible for retirement at half salary of $9000 under terms of a new law allowing judges to "tack on" district attorney experience to their years of service on the bench, Judge Jacoby indicated that he would sell his present home before he retires.

**THE BERKELEY PARK** judge has six years as a deputy district attorney for Contra Costa County prior to his appointment to the bench. He recently purchased a home in Carmel Highlands on the Monterey Peninsula.

Judge Jacoby's impending retirement should make things somewhat easier for Governor Goodwin Knight who has been faced with the difficult task of appointing an additional Contra Costa superior court judge.

Many groups and factions have become involved and embittered in attempting to gain favor for one candidate or another judgeship candidate.

**ACCORDING TO** Assemblyman Donald Doyle, however, "the governor does not believe that the judgeship should be a popularity contest."

This — in part, at least — accounts for the governor's dissatisfaction with the ill-fated County Bar Association plebiscite which was destroyed last week by the association.

Doyle indirectly criticized the circulation of petitions against Martinez Municipal Judge Tom Fraga saying that "if a petition is circulated against somebody it should say what it objects to, not that it is against the man."

**THE LAFAYETTE** Republican said that he understood that a Republican would be nominated for the judgeship and that it would be someone from Doyle's 10th Assembly District.

Doyle, who said he is "not against anybody," told The Sun Wednesday that he expected an imminent appoitnment to the position.

As The Sun went to press, no appoinment had been announced.

Walnut Creek City Attorney John Nejedly, named some quarters as "a sure thing," said that he had no knowledge of any appointment.

Nejedly, admittedly annoyed by press reports that kept focusing and re-focusing on different candidates, said that "he would be very happy and very honored to serv.

"However," he said, "I did not actively seek the position and if someone else is appointed, I am sure it will be in the best interests of the community."

## Tract 2429 Gets Okay

Improvement plan for Tract 2429 at Moraga Highway and Ivy Drive, in the southern Orinda area, was approved by the County Planning Commission last week in Martinez.

Approval was granted on recommendation of the County Public Works Department, although the commission's technical staff had expressed the opinion that there were a ouple of excessive grades, according to H. Russell Griffith, principal county planner.

The tentative map for the subdivision had been approved May 1, 1956.

Owner of the subdivision is Utah Construction Company. Frank Draeger, company engineer, was present when the commission action was taken last week, but he did not speak on the matter, Griffith reported.

The subdivision consists of 120.4 acres.

"At present the area is zoned Agricultural," Griffith said. "However, acording to the Moraga general plan, the tract is in a section for lots of 10,000 to 15,000 square feet in size.

## New Prudential Agent

Appointment of John M. Ryan, 71 Dawn Drive, as agent in the Mt. Diablo district agency of the Prudential Insurance Company was announced this week by Donald H. Fibush, CLU manager.

## Residents Plead For Restoration Of Library Funds

An eleventh-hour appeal to restore budget cuts in the County Library system was made by library leaders in Concord, Pleasant Hill and Lafayette, at a Board of Supervisors session, Tuesday.

The supervisors promised that they would further consider the matter along with an evaluation of the entire budget for all departments.

The applicants were Mrs. Norma White of the Concord Library League, Inc., Carl Davis of the Council of Libraries, Col. Paul Clark of the Friends of the Pleasant Hill Library, and W. B. Scarborough, president of the Lafayette Library Association.

Supervisor Ivan Goyak explained to them that special efforts are being made to reduce the county budget this year, and the $49,000 cut from Administrator Desmond Teeter's recommendations was part of this effort.

Board Chairman Ray Taylor of the Third District, said that their request will get a thorough study however.

The local library people want the library tax increased from nine cents to 10 cents per $100 assessed valuation, which would bring in an estimated $55,000. This would make up for deficit caused by supervisors' "slash."

Before Teeter sent his recommendations to the board, he had already cut some $62,000 from requests filed by County Librarian Bertha Hellum.

Mrs. Hellum at that time commented that certain cuts are expected, but that the $49,000 cut is "the real hurt."

She said that the book fund may have to be cut, or the libraries closed during librarian vacations; or else library hours all year may have to be reduced.

By cutting out morning hours, the staff would have the chance to attend to administrative tasks now beyond their capabilities, she said.

The 9 a.m. to 9 p.m. schedules are presently followed by six libraries staffed by the county. They are in Walnut Creek, Lafayette, Concord, Martinez, El Cerrito and Pittsburg. They would each lose three hours, 9 a.m. to noon.

The Pleasant Hill library now opens at 12 noon, and so would not be directly affected.

The present reduced library budget now stands at $646,000.

Efforts are being made in several local communities to expand library facilities. This includes Concord, Lafayette, where a service area is being designated, and Walnut Creek, where a site and some money have been allocated.

## Hope for Tax Cut In County Budget Still Remains

Taxpayers of Contra Costa County still had hope for a cut in the county tax rate yesterday as the Board of Supervisors filed into their chambers for the final hearing of the 1957-58 county budget in Martinez.

The supervisors indicated a determination to cut the tax rate back even though there appears to be very few if any places where it can be cut, according to observers.

Ivan Goyak, first district supervisor, continued his battle to trim a third cent off the tax rate of the unincorporated areas.

D. M. Teeter, county administrator, informed the board that the utility assessments which were set by the state leave no choice but to set the tax rate at $2.18 per $100 of assessed valuation in comparison with the $2.20 of last year.

In a 410-page book, the proposed budg litseot spSHRDLU posed budget lists possible expenditure covering such wildly separated subjects as the county pound and air pollution control.

**ONE PLACE WHERE** a cut might be effected is in the postponement for another year of the construction of a warehouse in the Richmond area to store files now bulging the walls of the county office building in Richmond, said Teeter.

The absolute deadline for the supervisors to complete all tax revisions is today so that the tax rate may be set.

The library league is continuing in its battle to boost the library tax rate from 6.7 cents to 10 cents and the Associated Chamberce of Commerce although they've been turned down on several occasions, for county aid.

## Excavators Still Finding Fossils Near Sewer Plant

If this keeps up, somebody's going to station a geologist with the Central Contra Costa Sanitary District construction crew.

Two new fossil finds were uncovered last Thursday by workers excvaating near the Concord sewerage dispoal plant.

**BOTH DISCOVERIES** are apparently from the same geological epoch as a huge tibia and smaller femur bone from a mammoth discovered at the same general site on August 6.

This time the fossils included left pelvic bones of a prehistoric camel or bison and a bone from a mammoth or mastodon's skull. Both are from the Pleistociene Epoch of 10,000 to 1 million years ago.

Identification was made by Dr. Donald E. Savage, associate professor and curator of the University of California Paleontology Museum, who was consulted by Dr. Ashley Stevens, junior college dean of student personnel.

**AS ON PRIOR** occasion, Dr. Stevens was informed first by Guy H. Anderson, Concord engineer for excavation work being done by a San Francisco firm. Anderson and Robert D. Mott, disposal plant operating superintendent, told Dr. Stevens that the fossils were found 14 feet below ground level in an old stream channel some 100 yards away from the initial discovery of a mastodon's thigh bone weighing close to 100 pounds.

## Nielsen Says Gaming No Worry Here

Supervisor Mel Nielsen of the Second Supervisorial District told the Orinda Association's Civic Affairs Committee Monday night that being supervisor is "just like going back to school again."

Nielsen was guest speaker at the monthly meeting of the Civic Affairs Committee at the Orinda School. He was introduced by Robeson Smith, chairman of the steering committee of Civic Affairs.

The meeting was conducted by Dr. Ralph C. Hall, Civic Affairs chairman.

**NIELSEN HAS** been supervisor since last January. He was elected last November, for a four-year term.

"One thing I learned very fast —and that is that you have to work with the department heads very closely," Nielsen said. "They are the experts in their fields."

The supervisor, a resident of Lafayette, said that before he became supervisor he was familiar with his own area; then he added:

**"BUT AFTER MY** election I had the whole district to worry about.

"Each section has its own problems and doesn't want to be bothered about the others."

"Lafayette, Orinda, Alamo and Danville all have practically the same problems—zoning, drainage and roads," Nielsen said.

**REGARDING GAMBLING** (pin ball machines and card rooms), Nielsen stated:

"I have made a personal study of this myself. I've seen these pin ball machines lit up, as decorations, with the only one playing them being the bartender, when he had nothing else to do.

"As to card rooms, the only place they are is in Crockett—and the people there want them.

**"ONE NIGHT** I visited five card rooms in Crockett. The only activity was in one of them, where only three people were playing.

"How can I honestly vote on an ordinance to abolish card rooms and gambling when I don't have a problem?

"If the people think the matter to be serious enough, I'll have it put on the ballot—and let the people decide."

**NEILSEN SAID THAT** the $900,000 Orinda Village Bypass., on which work has begun, "will be a beautiful freeway and will be a big help to the people of Orinda."

He reported that as chairman of airport committee of the Board of Supervisors he is vitally interested in Buchanan Field.

"About two weeks ago we received appropriations from the Civil Aeronautics Administration to go ahead and build a control tower at the field," he said

"In a few years we'll have an airport second to none in California."

## Subdividers, Drainage Is Topic of Law

Subdividers who want to build on one lot or only a small number of lots in an area to be developed on a larger scale have been offered some relief in providing for drainage by terms of a new ordinance being prepared by County Administrator Desmond Teeter.

Instead of being liable to plan drainage for the area, he need only pay a non-refundable acreage fee, ". . . toward the cost of the establishment and construction of appropriate drainage structures."

As a result he ". . . will not, at his sole cost and expense, have to pay for the construction of drainage requirements in accord- . . . with this ordinance. . . ."

The County Planning Commission or Board of Supervisors in each case will establish the costs for the entire area concerned, and the amount owed by the developer of one or more building sites within that area.

If a Storm Drain Maintenance District is formed later, the money collected will be used to finance the district's program. If no district is formed later, the county will not refund the money.

It will instead use the money to furnish ". . . such drainage as the amount of money available, as a result of such contributions, may allow. . . ."

The ordinance continues, ". . . Subdividers are not excused by the provisions of this ordinance from the requirement of furnishing in-tract drainage to carry all water occurring within the tract out of the tract . . ."

## City-Vote Fee Delay Decided, To Save $1300

The Orinda Association board has decided that the association should take advantage of a new state law and save $1300 by waiting until the law becomes effective, September 11, before paying the fee for legal notice publication in connection with Orinda incorporation election petitions.

This was reported Monday night by Marvin Baker, association treasurer, at the monthly meeting of the association's Civic Affairs Committee at the Orinda School.

"Under the old law," Baker explained, "it would have cost us $1500, since all the signatures would have had to be published.

**"UNDER THE NEW** law, which does away with the requirement that the names of signatures be published, the cost will be about $200.

"So we can save about $200.

"We are going to wait. We have the advice of Tom McBride, assistant district attorney, and of three of our own attorneys, on the matter.

"They tell us that even with this delay, we can still have an incorporation election in Orinda next January."

**"NEGOTIATIONS WITH** Pacific Intermountain Express Company regarding possible purchase of PIE's 10½-acre parcel at the Pine Grove, and with the Orinda Community Church regarding possible sale of association-owned Orinda Community Center land to the church, were at a standstill, Baker said.

Robeson Smith, chairman of the steering committee of Civic Affairs, announced that Joseph Longacre, chairman of the Civic Affairs tax study committee, will deliver a report at the next Civic Affairs meeting September 16.

Dr. Ralph C. Hall, Civic Affairs chairman, conducted last Monday night's meeting.

## Sleepy Hollow School Job Bid Gets State OK

At a special business meeting meeting August 14, the boar approved the low bid of $197,605 from the Ed Eoff Company for the construction of the Sleepy Hollow School additions.

The contract calls for three classrooms, aguidance room and and all-purpose room.

It is expected that the classrooms will be completed by January, 1958, which will relieve Sleepy Hollow of double sessions.

The all-purpose room will be completed later in the spring.

As soon as the grading is done on the grounds, the lower playground will be surfaced over an area of about 16,000 square feet.

This work should be completed in about six weeks.

The paving should provide a very adequate play area for the students at Sleepy Hollow, Superintendent Joseph L. Sheaff said.

## Gasoline Prices Climbing; Gas War Close Seen

The cheap tank of gas for the average motorist in Central Contra Costa County seems to be on the way out . . . at least according to the reports of local service station operators.

Prices were gradually climbing back to normal in stations from Concord to Orinda as the major oil companies instructed their stations to start sliding the prices back to normal.

**THE GREATEST CHANGE** occurred on Tuesday when regular gasoline went up to 29.9 cents per gallon and Ethyl climbed to 33.6 cents.

Previously regular had been selling for as low as 25.9 cents per gallon and the premium gasoline had gone for 29.6 cents.

Indications that the gasoline companies wanted to end the war appeared as stations throughout the area raised their prices to the same level.

Concord, Pleasant Hill, Orinda, Lafayette and Walnut Creek stations all reported their products at the same price yesterday—29.9 for the regular and 33.6 for Ethyl.

**LOW PRICES WERE** still registered by Chaig which was selling regular for 27.9 and Ethyl for 31.9.

Service station operators in the area felt confident that the prices would continue to increase until gasoline settles at the original prices before the "war" started.

# Orinda Jaycees Sponsor Sept. 7-8 Swimming Meet

An estimated 500 young swimmers will compete in the first annual Orinda Community Swimming Meet to be held September 7 and 8 at Meadow Pool under sponsorship of the Orinda Junior Chamber of Commerce.

As its first major youth welfare project in the community, the junior chamber has scheduled 50 aquatic contests in cooperation with local pool associations, which are providing judges, along with contestants for each event.

First, second and third prize awards will be given to both boys and girls of seven age groups competing in six swimming events, according to Al Young and Monte Koepf, co-chairmen of the Jaycee youth welfare committee.

**IN ACCORDANCE** with rules of the A.A.U. Junior Olympics, time trials will be held Saturday morning, September 7, with finals and award presentations on Sunday afternoon, September 8.

Events will include freestyle, bakstroke, breaststroke, butterfly, freestyle relay and medley relay.

The Community swimming contest is open to all youngsters residing in Orinda in the following age divisions:

Polliwogs, 6 and under; Tadpoles, 7 and 8; Midget, 9 and 10; Junior, 11 and 12; Intermediate, 13 and 14; Senior, 15 and 16, and Open, limited to high school students.

**IN ADDITION** to Meadow Pool, other swimming associations participating are Sleepy Hollow, Oak Springs, Orinda Park, Orinda Country Club and Carroll Ranch.

All entries must be submitted to Koepf at 564 Moraga Highway, Orinda, on or before Monday, September 2.

For additional information on the swimming meet, call Young at CL 4-3972 or Koepf at DR 6-5219.

**AMERICAN FIELD SERVICE exchange students from Europe include two who will attend Miramonte High School the coming school year. They arrived at their Orinda homes last week. Being welcomed by Principal James Lewis (left) of Miramonte High School are Eberhard Umbach of Germany and Agneta Persson of Sweden. With them, at right, is Mrs. Sig Groennings, Orinda AFS chairman. Agneta will make her home with the Charles Erickson family at 31 Donna Maria Way. Eberhard will live with the Robert W. Brown family at 9 Orchard Court.**

**—Sun photo by Harry Maroulas**

# Low Gross Won By Mrs. Noble

Low gross in the Women's Group at a recent Guest Day at Contra Costa Golf Club for the day was won by Mrs. Merle Noble of Orinda Country Club with an 89.

There were five clubs represented.

Flight A—1st place was won by Mrs. Norman Macauley, 92-16-76; 2nd, Mrs. Curtis Duncan and Mrs. John Lancaster shared a tie with a net 78.

Flight B—1st, Mrs. Robert Sellar, 99-19-80; Mrs. R. A. Dewey, 99-19-80—tie.

Second place had a three-way tie among: Mrs. William L. Fry, 100-19-81; Mrs. A. C. Grunke, 102-21-81; Mrs. William Fox, 102-21-81.

Flight C—1st place was won by Mrs. I. Deutscher, 103-24-79; 2nd, Mrs. F. Golburn, 104-23-81; 3rd, Mrs. J. P. Brewer, Woodbridge, 105-23-82.

Flight D—1st place tie between Mrs. H. Hnasbrow, 105-28-77; Mrs. G. Ganz, 105-28-77.

Second place was won by Mrs. H. Mullarkey, 109-30-79.

Our local youth and other groups need help—your help. Volunteer today for community service.

# '20s' Will Be Pandora Theme

"The Roaring Twenties" will be the theme of a ocktail party given by Pandora Chapter of the Children's Home Society on September 7. Residents from this side of the Tunnel and cities of the East Bay are receiving invitations now.

The garden and patios of the R. J. Becketts' Orinda home on Hacienda Circle will be decorated to attain a "speakeasy" atmosphere. Members of Pandora Chapter and their husbands will don costumes of the period.

Mrs. Ridgely Greathouse is general chairman of the party. Committee heads are Mesdames Glen Smith, Rees Paine, Robert Hendrickson, Kenneth St. Clair and John Sullivan.

All proceeds will go to the Children's Home Society of California, which is a member of the United Crusade.

**COLORED SIGNS**

Florida uses highway signs with three colors, reports the California State Automobile Association. The colors are red

**WARNING LETTERS**

The State Department of Motor Vehicles each year sends warning letters to more than 103,000 licensed drivers having two or more convictions for moving traffic violations.

Shop at home and save!

# Gordon Wiser Funeral Held

Funeral services were held Tuesday faternoon for Gordon James Wiser, 79, of 70 El Gavilan, Orinda, who died last Friday at his home. Rites were conducted at the Chapel in the Valley, Lafayette, with inurnment following at the Chapel of the Chimes, Oakland.

Mr. Wiser, a retired building contractor, was born in Yaquina, Ore. He was a member of a pioneer Oregon family. His grandfather, Ezra Lobo, was the first white settler in the Willamette River territory in Oregon.

Ezra Lobo and his wife died when Mr. Wiser's father was a child. This child was reared by the Indians.

Mr. Wiser moved to the East Bay in 1906. He lived in Orinda since his retirement 12 years ago. As a contractor he built a number of large apartment houses in San Francisco.

Survivors include his widow, Pearl, of 70 El Gavilan, Orinda; two daughters, Mrs. Albert Meyer of Orinda and Mrs. Robert Bringolf of Walnut Creek; two sons, Gordon C. Wiser of Orinda and Douglas Wiser of Sutter Creek; 17 grandchildren and two great-grandchildren.

## Peterson Named To Grinnell Group

Theodore A. Peterson, 107 Moraga Highway, Orinda, has been named one of 120 charter members of the new Grinnell Advisory Council, President Howard R. Bowen of Grinnell College at Grinnel, Iowa, announces.

Peterson, of the Grinnell class of 1927, is one of the newly established group of alumni, parents of students, and other friends of the college from all parts of the country who will advise the trustees on matters of policy and planning.

# New Teachers Will Receive Orientation

An orientation program to acquaint the new teachers with the policies and pilosophy of the Orinda Union School District will be held next Thursday and Friday.

There are 21 teachers who will be starting as new teachers in the Orinda elementary schools for the school year 1957-58.

Ten of these teachers are new additions to the faculty, which has now reached 82.

**THERE WILL ALSO** be two music teachers and one art teacher added to the district's growing staff.

Eight of these new teachers are replacements for teachers who resigned.

Next Friday there will be a general staff meeting for all teachers and administrators which will be presided over by Joseph L. Sheaff, district superintendent.

Dr. Joel Hildebrand, Ph.D., will speak to the teachers Friday morning, and Dr. Herbert Enos, M.D., will speak in the afternoon.

**THE ORINDA TEACHERS** Organization, with Mrs. Norma Walkley acting president, will welcome the new teachers and explain the function of this organization in Orinda.

Mrs. Catherine Schwarck, president of the Board of Trustees, will extend greetings from the board, while Mrs. Betty Irwin, president of the Orinda Mothers Club, will welcome the teachers and explain how the Mothers Club fits into the schools in Orinda.

Dr. Enos is a psychiatrist with a practice in Berkeley and Walnut Creek. He is also on the staff of the county superintendent of schools as a part-time consultant for the county mental health program. He will speak on "The Emotional Factors in Teaching."

**DR. HILDEBRAND** is "professor emeritus" at the University of California. He has been a member of the faculty of U.C. since 1913, and has been dean both of the College of Chemistry and the College of Letters and Science.

# Orinda Has 21 New Teachers

Twenty-one new teachers will start teaching in Orinda when school opens September 4.

Six of these teachers will be not only new to Orinda but also new to the teaching profession. They have just graduated from the university.

Miss Carmella Cellini and Miss Marion Landers both attended the University of California, Miss Anna Maria Ellerman attended San Francisco State, Miss Shiela Maloney attended Dominican College, Mrs. Barbara Cutler just completed College of Pacific and Miss Margaret Larson just finiished her work at the University of Minnesota.

Other teachers include Warren Coffey from Booneville, Miss Mary Louise Frampton from Burbank, Miss Mary Ann Hoisington from La Punent, Miss Diana Kisisk from Pleasant Hill, Donald Mahler from Knightsen, Harold Ruby from Oakland, Mrs. Carol Reynolds from San Francisco, Raymond Ferro from Danville, Avon Robertson from South San Francisco, Miss Ellene Jacobson from North Hollywood, Donald Jesse from Middeboro, Mass., Miss Louise Mohr from Winnetka, Ill., Miss Patricia Neal (music) from Seattle, Wash., and Robert Luoma (music) from Eugene, Oregon.

**HOT CAPS**

Radiator caps on most automobiles should be removed with caution, advises the California State Automobile Association. Many automobiles have cooling systems which are commonly referred to as "pressure type." If the radiotor cap is removed when the engine is warm, steam escapes. Have your radiator checked by a service station attendant and avoid the chance of being injured.

# European Students Arrive For Year at Miramonte HS

The two American Field Service students who will attend Miramonte High School next term arrived at their Orinda homes the morning of August 14.

Three planes with the foreign students arrived at the Oakland Airport early that day and were met by the foreign students' "American families."

Agneta Persson from Sweden and Eberhard Umbach from Germany will make Orinda their home for the next year.

**AGNETA** will make her home wit hthe Charles Erickson family at 31 Donna Maria Way.

She is from Avesta, a small town near Stockholm, Sweden.

Her father is the mayor of Avesta and her mother is a grammar school teacher in the town.

Agneta has an older sister and a younger brother.

Upon arrival in this country she said she wanted to ocme to America because she felt there is so much to learn from America. She is very interested in learning American expressions, customs and slang.

**EBERHARD UMBACH** is from Dusseldorf, Germany, and will make his home with the Robert W. Brown family at 9 Orchard Court in Orinda.

He lives with an aunt and uncle in Dusseldorf.

His widowed mother teaches school in a nearby town. His father was killed during the war.

Eberhard has a younger sister in Germany.

He is very interested in geography and world travel and is anxious to see as much as he can of America.

Another reason he wished to come to this country was to judge for himself the pros and cons he has heard concerning America.

Both students are eagerly awaiting the opening of school so they can meet their classmates and start their studies in their new country.

# Ainsworths Win In Mag Contest

A congratulatory telegram with news of a check to follow from Harlow Curtis, editor of Better Homes and Gardens magazine, recently notified Mr. and Mrs. J. Gordon Ainsworth, 73 La Cuesta, Orinda, that their home was one of the winners in the magazine's national remodeling contest.

The Ainsworths added on a family and dining room, gaining a new entrance fronting on a deck for outdoor living. Enlarged breakfast eating space and a separate level television room, plus built-ins, storage and architectural improvement to the exterior of the house were included. Nearest other qualifying winner in California was in Palo Alto.

Robert Klemmedson of Orinda was the architect, and Mario Albo of Orinda the contractor for the remodeling.

**DRAIN TWICE A YEAR**

It is good practice to drain and refill the cooling system of your car at least twice a year, suggests the California State Automobile Association. A good rust inhibitor should then be added to the fresh water to prevent future blocking of the circulating system by rust deposits.

# McFarland Cites Need for Additional Water Supply

Development of additional water supplies for Central Contra Costa County was discussed by John W. McFarland ,general manager of the East Bay Municipal Utility District, at yesterday's luncheon meeting of the Lafayette Rotary Club at El Nido, Lafayette.

In introducing McFarland, Neill C. Cornwall, program chairman for the day, stated:

"The development of adequate supplies of water has always been of more actual importance to California than the discovery of gold. Even with our present population, easily developed supplies of water are in some instances inadequate, as population increase, the area which has a certain and dependable supply of water will grow, while inadequate supplies will strangle the otherwise logical expansion of less fortunate area. We are indeed fortunate that the East Bay Municipal Utility District is at this time making the plans for provision of adequate water for our area."

JOHN W. McFARLAND, general manager of the East Bay Municipal Utility District, told the Lafayette Rotary Club yesterday of the need for additional water supplies.

McFarland discussed briefly the long-range construtcion project of the district.

**"THIS DISTRICT,"** said McFarland, "has been expanding at an ever-increasing rate since World War II. For the past 10 years this expasion program has mean an expenditure up to $8 million dollars per year for additions and improvements to the water system.

"This investmenst will be more than tripled for the next 10 years, because of the key construction program, which will be superimposed on the normal expansion program."

Water consumption has now reached the point, however, where we must begin construction of major addition to the system, McFarland declared.

**THESE MAJOR** projects include additional impounding reservoirs on the Mokelumne River, aqueducts to carry Mokelumne River water, terminal reservoirs and filter plants in the local system, The East Bay area, one of the fastest growing sections in the nation, can continue to expand without hardship only with the positive assurance that an ample supply of good water will be available for industry and homes, the speaker said.

Realizing the future inadequacy of its present water facility the EBMUD has for the past nine years been developing plans for future expansion. Consumption charts show that, with approximately the present rate of population growth and business increase, by 1967 this district will have tp supply 200 million gallons daily.

"Of particular interest to Lafayette residents," said McFarland, "will be the proposed 17 billion gallon Briones Reservoir slated for consumption by EBMUD in Briones alley northwest of Lafayette.

**"THIS TERMINAL** reservoir will be created by building a large earth-filled dam at the western end of the valley."

This reservoir, in conjunction with the Briones area presently being purchased from the district by Contra Costa County for recreation purposes will exhaust the major portion of the district's land holdings in the Briones Valley area.

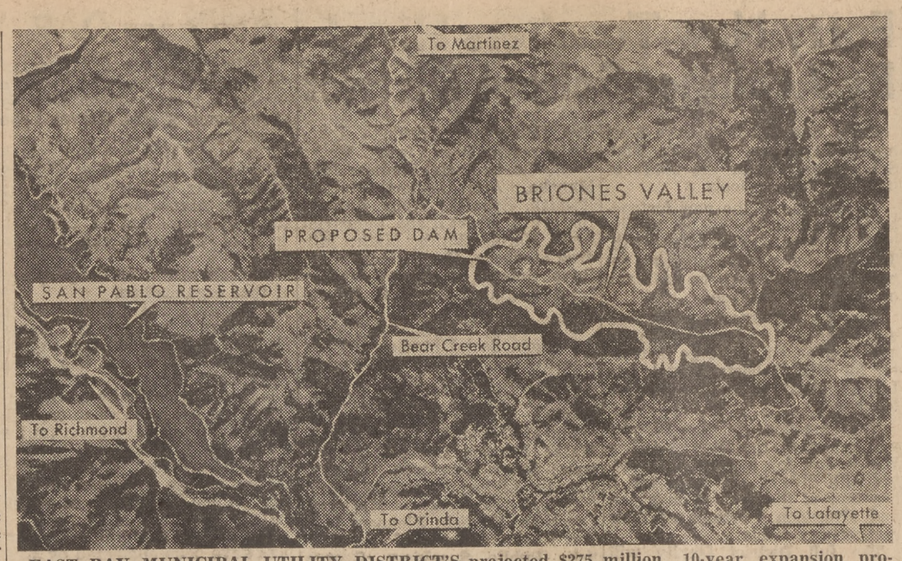
While the district Water Resources and Planning Division has developed an expansion program and made some basic cost estimates, the Board of Directors called in the Bechtel Corporation of San Francisco, engineers with a world-wide repuation, to carefully check all of the district's findings and to make whatever additional suggestions deemed justified by their independent research.

**A 10-YEAR** construction program is planned, and present estimates indicate a cost of about $275 million dollars.

"Since we will have to provide 200 million gallons of water per day by 1967, there is no choice in this basic expansion program," said McFarland.

"We have, of course, the opportunity to vary some of the details, but that is all.

Remember, we have to arrange for a dependeable supply of 200 million gallons of water per day by 1967 if this community is going to remain a good place in which to live."



**EAST BAY MUNICIPAL UTILITY DISTRICT'S projected $275 million, 10-year expansion program includes development of a dam and reservoir in the western portion of Briones Valley, as indicated in this aerial photographic map. The district's San Pablo Reservoir is shown at the left, westward from Briones Valley. The 1485-acre area being purchased in the Briones hills by Contra Costa County from the East Bay Municipal Utility District, for development as a park, is northeast of the Briones Valley area outlined on this map. This picture is a composite of three aerial photos. It was prepared by EBMUD.**

# Fire District Merger Will Be Discussed

Proposed consolidation of five Central Contra Costa County fire districts and part of a sixth district continued to be a controversial subject this week.

Opposition of Mountain View fire commissioners was added to that of Lafayette fire commissioners.

Meanwhile Supervisor Mel Nielsen of the Second Supervisorial District reiterated his endorsement of the plan, which he has proposed.

Two further steps in the dispute are scheduled for the near future. They are:

1. County officials will meet at 1 p.m. next Thursday in County Administrator D. M. Teeter's office in Martinez, for preliminary study of the proposed consolidation of the Lafayette, Orinda, Central, Mt. Diablo and Mountain View districts and the Rheem-Moraga portion of the East Contra Costa Fire Protection District.

2. Public hearing will be conducted by the Board of Supervisors at 10 a.m. September 3 on a petition asking dissolution of the present independent Lafayette Fire District and formation of a county fire protection district for Lafayette.

**THE PETITION,** bearing some 83 valid signaures, was circulated by the Lafayette Fire Fighters Association.

Following the hearing, the Board of Supervisors would schedule an election by the voters of the Lafayette Fire District, to decide whether the Lafayette district, now operating under an 1881 act setup, should be dissolved.

If such an election carries, the supervisors would then establish a county fire protection district for Lafayette, under the terms of 1923 act.

Under an independent setup, as that of the Lafayette district at present, the local fire board consists of three commissioners elected (each for three years) by the local district voters.

**UNDER A COUNTY** fire protection district arrangement (1923 act), the local board consists of five commissioners appointed by the Board of Supervisors, to serve at the pleasure of the supervisors.

Such a change in the status of the Lafayette Fire District would pave the way for eventual consolidation with the other central county districts, as proposed by Nielsen.

Of the six areas being considered for possible consolidation, the Lafayette Fire District is the only one operating under the 1881 act.

**AMONG THOSE** expected to be at next Thursday's conference are Teeter, Supervisors Nielsen and Ray Taylor and Assistant District Attorney Thomas F. McBride. Taylor is supervisor of the Third Supervisorial District.

In addition, Capt. Fred C. Smith of the Los Angeles County Fire Department will be present, along with Don Wright, president of the Lafayette Fire Fighters Association, and E. K. Irwin, chairman of that association's consolidation study committee.

Attendance of Smith at the conference was arranged by Nielsen at request of the Lafayette Fire Fighters Association, Local 1231 of the International Association of Fire Fighters, AFL-CIO.

**SMITH WILL BE** in this area next week as the representative of Los Angeles Local 1014 of the International Association of Fire Fighters.

He is scheduled to address the Mt. Diablo Fire Fighters Association at 8 p.m. next Wednesday.

Los Angeles County has a consolidated fire district. This consolidation was effected recently.

Until he became supervisor last January, Nielsen was a Lafayette fire commissioner for five years.

**NIELSEN WAS GUEST** speaker Monday night before the Orinda Association's Civic Affairs Committee meeting at the Orinda School. In his talk he mentioned his proposal for consolidation of the fire districts in the central county.

The supervisor expressed appreciation of the attitude of the Orinda Fire District, which he described as a "wait and see" attitude, with local district statement of opinion held back until all the facts are known.

"I'm thoroughly convinced that consolidation can be done," Nielsen told the Civic Affairs Committee.

"It's not going to lessen the efficiency of any district. The boards of the individual districts would serve in an advisory capacity.

"There's a lot of study to be done yet on the subject."

**THE PRESENT** Lafayette fire commissioners — Chairman Cy Turner, Secretary George Parkhill and Jim Simonds — have expressed outspoken opposition to the proposed change to a 1923-act district, and to the consolidation proposal.

They claim that consolidation would mean increased taxation, and that the whole move is being attempted by the firemen's union in order to get salary increases.

On the other hand, the firemen's union declares that taxation would be reduced and efficiency would be increased, and that firemen's pay is not an immediate issue.

Nielsen, too, denies that firemen's pay is at stake.

**THE MOUNTAIN VIEW** Fire District commissioners filed an official protest with the Board of Supervisors last Tuesday, against the consolidation proposal.

"Ill advised at the present time," the Mountain View board stated regarding the proposal.

The Mountain View commissioners said their tax rate of 69.9 cents per $100 assessed valuation was lowest among the districts under consideration, and that consolidation and a uniform tax rate district-wide "could only have detrimental results for the people of our district."

**DISTRICT WRIGHT** of the Lafayette Fire Fighters Association stated this week that the State Assembly Interim Committee on Municipal and County Government, 1955-57, published a "Special Report on Fire Services in Los Angeles County" last December.

"The basic arguments for consolidation are the same here as in Los Angeles county, although specific conditions may differ," Wright said.

He pointed out that the "Special Report" was submitted, as a "Study of Consolidation of the Fire Services within the County of Los Angeles," by the Federated Fire Fighters of California, Los Angeles, to the interim committee's Subcommittee on Functional Consolidation.

This report contains basic arguments for consolidation, Wright said. He added that the extensive study led to the present consolidation in Los Angeles County.

# Junior College Has 11 New Courses for Part-timers

Of more than 75 courses for part-time students at East Contra Costa Junior College this fall, eleven will be offered for the first time or after an interval.

They are business law, dental assisting, industrial electronics maintenance, four new management courses, marine navigation, marketing, retail merchandising and secretarial laboratory.

Registration for the 10 and 18-week classes which meet once or twice a week generally from 7 to 9:40 p.m., will be conducted September 7 from 9 a.m. to 2 p.m. in the new Student Activities Building.

Those who cannot be present may register during the first two weeks of the term in the same building, between 6:30 and 8 p.m. Actual class work starts September 10. There is no tuition.

**FOUR OF THE** new courses are in the business field. Business law will be a Tuesday night study of basic principles used in solving legal problems of the businessman. It will be taught by George W. McClure, a county deputy district attorney.

The secretarial laboratory, meeting Wednesday nights for 10 weeks, will include a review of shorthand theory, dictation of business letters from selected industries, transcription and review of English usage and punctuation. The instructor will be Mrs. Betty Sloan.

Marketing, to be taught by Norris Pope on Thursday nights will be a study of marketing methods, institutions, functions and practices, with analysis of retailing, wholesaling, distribution and market research.

**THE DENTAL** assisting course will be for dental assistants having at least one year of experience, who wish to prepare for certification examinations given by the American Dental Assistants Association.

Industrial electronics maintenance will be an advanced course in the design, operation and maintenance of electronics and associated equipment in industry. It will meet Monday nights for 18 weeks, starting September 16. Robert Hendrickson will be the instructor.

Safety in piloting and handling small boats, a Monday night marine navigation course, will be offered in cooperation with the United States Power Squadrons and will be announced in more detail next week. It will be open to men and women, whether or not they are owners of small craft.

The new management courses will also be announced in more detail later. They will include human relations in industry, principles of motion and time measurement, work simplification and methods improvement and principles of executive leadership. All will be 10-week courses meeting from 7 to 9 p.m. once a week.

Information folders describing all the courses, and answering questions asked most frequently, including the proper procedure for earning the degree of Associate in Arts through the part-time students' program, may be obtained by telephoning the college at MUlberry 5-1230.

# 2 Drivers Cited For Drunk Driving

Drinking caused two accidents in Central Contra Costa over the weekend, according to reports of the California Highway Patrol.

Cited for being durnk in or about a car and drunk driving was Terrence Phipps, Martinez, after a collision on Concord Avenue Saturday. Injured was Mrs. Phipps. Phipps told Concord police that he was forced off the road into a ditch.

Another accident Saturday on North Main Street, Pleasant Hill, 200 feet north of Oak Park Boulevard, resulted in the arrest of Harry C. Glass, 1044 Stuart Street, Lafayette, for drunk driving.

Another Martinez driver, Eugene J. Matz, was injured when his car struck a bridge on Concord Avenue, between Concord and Pacheco, Monday. He was cited by the Patrol for speed.

# Drunk Drivers... Watch Out for Judge Fraga!

There's one thing that's being said about Martinez Judicial District Judge Thomas Fraga these days . . . and it has a relationship to those groups which have special interest in the upcoming appointment to the Contra Costa Superior Court bench.

A group of attorneys who didn't want to see Fraga get the job have commented that "You can't make a deal with him."

Judge Fraga, five years on the Judicial District Bench, has never reduced a drunken driving charge. His comments are:

**ANYONE WHO DRINKS** may be an individual problem. But if he drinks and then drives on the highway he becomes everyone's problem. If a highway patrolman or policeman says a man has been driving while drunk, I have to believe him. The defendant can always plead not guilty and ask for a jury trial.

"But under no circumstances will I go into the back room with the defendant's attorneys and work out a deal to reduce the drunk driving charge to reckless driving.

**"I DO NOT THINK** that is right. The public has a right to be protected from that hazard on the highway."

He also commented that attorneys' pleas that their client has a family to support, may lose his job, or needs his car in his business are not valid excuses for averting jail sentences for drunk drivers.

His comment: "No one forces them to drink."

# Democrats Pick Selection Group

Seven out of eight members have been chosen for a candidate selection committee which will investigate possible Democratic candidates and prepare a background on them prior to a County Federation of Democratic Clubs meeting next spring.

Mrs. Pat Silva of Concord, county federation chairman, said that the committee would prepare reports on candidates for the two Contra Costa assembly districts and for the Sixth Congressional Distirct consisting of Contra Costa and Solano Counties.

**FOR MEMBERS** of the commitee were appointed by the Democratic County Central Committee last month. These include Mrs. Mary McKeown, Richmond; Bob Condon, Walnut Creek; Martin Rothenberg, Pittsberg, and Mrs. Elaine Page, Antioch.

The three members appointed by the federation are Mrs. Barbara Enos, Richmond; Mrs. Eleanor Thompson, Walnut Creek, and Mrs. Ruth Dalkins, Pleasant Hill.

### FAILURE TO APPEAR

The State Department of Motor vehicles each year takes action against the driving privilege of more than 153,000 persons for failure to appear on traffic

# High School Registration Is Next Week

**New students in the Acalanes High School District serving Lafayette, Orinda and Walnut Creek may register at the high school for their community—Miramonte High for Orinda ninth through eleventh grade students; Acalanes High for Lafayette ninth through twelfth grade and Orinda twelfth graders, and Las Lomas High for Walnut Creek ninth through twelfth grade.**

**Registration will be held at each school next Monday and Tuesday, 9 a.m. to 12 and 1 to 4 p.m. New students may not register the first day of school, September 4.**

100% Virgin Wool

FORSTMANN SPORT COATS

½ PRICE!

reg. 59.50 to 65.00

32.67

Take these wonderful Forstmann virgin wool sports coats. Sure, and you'll find them in many high and haughty men's shops, wearing a 59.50 or 65.00 price ticket. But where in the entire U.S.A. can you find them at cut prices? With luck you'll find them at Johnny's for only 32.67. Not just genuine wool. This is one of the finest grades of pure 100% virgin wool. Woven by Forstmann. A good solid fabric, yet cool and comfortable. In all the new shades to harmonize with any slacks or sport shirt. Sewn by hand, and distinctively jacquard lined. If you're merely a bargain-hunter you may find our merchandise too expensive. But if you want the newest and best in style, and appreciate the finest quality obtainable you'll be amazed at the savings we offer. There's no other store quite like ours anywhere. Imagine finding genuine $65.00 Forstmann, 100% virgin wool, hand tailored sport coats for only $32.67.

# Many New Driving Laws Will Affect Teenagers

Three major changes in teen-age driving laws will go into effect September 11 as a result of legislation passed by the 1957 State Legislature.

The changes were outlined this week by Paul Mason, director of state motor vehicles.

1. A driver accompanying or supervising the driving of the holder of an instruction permit must be 18 years old or over.

"There has long been a problem in traffic enforcement and accident investigation work," Mason said, "in that the driver accompanying the holder of an instruction permit merely had to be licensed. This often resulted in 16-year-olds 'teaching' other 16-year-olds to drive.

"After September 11, an accompanying driver not only must have a valid operator's license, but must be at least 18 years of age."

2. The junior license as Californians have known it based on residence will no longer be issued.

"After September 11," Mason explained, "junior permits may be issued for limited periods, and in no event beyond age 16, to qualified girls and boys who require limited driving privilege for school transportation, family illness or for economic reasons. Eligibility for these reasons must be established by statements filed with the Department of Motor Vehicles."

3. Young people 15½ years old who have successfully completed in California a secondary school course in behind-the-wheel driver training may be issued a regular operator's license.

"But the minimum age for those who have not completed such training is 16 years," the DMV director reminded. "When a holder of a junior permit reaches 16 years of age, he must apply for a regular operator's license."

Formerly, the law permited the issuance by DMV of "junior operator licenses" to rural area boys and girls between the ages of 14 and 16, but not to urban residents. The theory was, that lack of adequate transportation facilities in farm districts made it advisable to extend driving privileges to some qualified 14 and 15-year-olds residing in those districts.

The new law makes no distinction between rural and urban residents, but sets up a program of issuing "junior permits" to any qualified person between 14 and 16 years of age, and abolishes the "junior operator's license." In no case may a "junior permit" be issued to a person 16 years old or over.

## Setback Request Meets Approval

County Board of Adjustment approval of the application of Henry Hill and John W. Kruse for an 18-foot setback for a residence on a portion of Lot 26, Block N, Unit 1, Lake Orinda Highlands, was announced Tuesday night at the County Planning Commission meeting in Martinez.

Board of Adjustment hearing had been held July 31, with Planning Commissioners Arthur Young, George Honegger and Don Ward sitting on the adjustment board. Since the hearing, the adjustment board had kept the application for a variance permit under advisement.

The property in question is at the end of Chapparal Place. It is in a Residential-Agricultural zone.

## Jean A. Downs Sues Castlewood

Jean A. Downs of 94 Sleepy Holow Lalne, Orinda, has filed a $25,000 damage suit in Alameda County Superior Court against the Castlewood Country Club as the result of an accident she says occurred at Castlewood, October 2, 1956.

Mrs. Downs states she was playing golf at the club when the accident occurred. She claims that she was driving a motor golf cart which had defective brakes and which therefore spun out of control on a fairway, tossing her to the turf.

The complaint says she suffered a fractured leg, cuts, bruses and shock, and that she had to be hospitalized.

She states that as a member of the Orinda Country Club she was playing the Castlewood course under terms of a reciprocal agreement between the two clubs.

## A Glad Gent Is Weatherman

**"Autumnal harbingers—that's how to describe the pleasant Orinda days of the past week," the Weatherman observed yesterday morning.**

**To prove this, he pointed to the fact that again a week had gone by without rain (only a trace having been recorded—on July 6—since the start of the new weather-year July 1), and he cited the following maximum and minimum temperatures for the week:**

| | High | Low |
|---|---|---|
| August 15 | 79 | 50 |
| August 16 | 90 | 48 |
| August 17 | 94 | 50 |
| August 18 | 83 | 49 |
| August 19 | 86 | 51 |
| August 20 | 78 | 51 |
| August 21 | 80 | 51 |

## CD Week Set for Sept. 15-21

September 15-21 has been set as National Civil Defense Week with "Government in Emergency' 'as the theme.

The second annual observance will reflect changes in civil defense concepts as outlined in an article "About the New Concept of Civil Defense," by Mrs. Jean Wood Fuller in the Civil Defender magazine.

**ACCORDING TO** Mrs. Fuller, director of women's activities for civil defense, "constant change in civil defense is necessary—not because previous concepts have been faulty, but because the problem changes with every advance in weapons."

"Civil defense was founded when it was felt we might be in war at any moment. It had to be organized on a crisis schedule. We had to remain on that schedule to accomplish much organization and preparedness in communities throughout the nation. Now the emphasis should be shifted to the long pull—to make Americans understand that civil defense must become a regular part of our thinking, our living and our government, in everyday jobs and activities," Mrs. Fuller said.

"Civil defense is a staff arm, to help build the national capability to meet disaster. Our first and most important task is to have government officials—at all levels—understand the civil defense responsibilities.

"It is rather amazing to total the number of government structures (other than federal) within our nation. There are 116,741. They include states, counties, cities, school districts, sewer districts, soil conservation districts and many other bodies. More than 5 million people work for them. Each employee has a definite responsibility to civil defense."

## Juniors Plan Barbecue Event

To start a new year which promises to be packed with activity, the Lafayette Suburban Juniors are planning as their first social event of the fifth annual barbecue for members and husbands.

According to Mrs. George Sanko, president, the barbecue will be held this year at Buckeye Ranch, Saturday, September 14.

Starting at 7 p.m., a gala evening is planned with cocktails and swimming, followed by the barbecue, dancing and entertainment.

Social Chairman Mrs. William Seroy and Co-chairman Mrs. William Thayler will be assisted by Mesdames M. E. Barkley and Harold Eggers, cocktails; Robert Osborn and John Peters, invitations and reservations; Charles York and Thomas Cambell, decorations, and James Casey and D. H. Turney, food.

## Revision of Ventilation, Heating Seen

More stringent inspection of heating and ventilating facilities in buildings in Contra Costa County is provided for in a new ordinance being considered by the Board of Supervisors.

The ordinance was referred Tuesday at a board meeting until Deputy District Attorney Matt Walker returns from vacation.

A new feature is provision for inspection of radiant heat facilities. Before radiant heat inspection was conducted only on request.

The actual inspection is stricter than that allowed under Chapter 37 of the Building Code and Plumbing Code. Regulation of the sizes of ducts and furnaces has been revised.

Rudolph Kraintz is the county building inspector.

## Moraga School Signups Sept. 4

Principal Charles E. Toll of Moraga School announced yesterday that registrations of new students will be accepted at the school from 8 to 9 a.m.

Classes will start at 9 a.m. September 4. The bus schedule will be the same as last year, Toll said.

Toll will teach seventh and eighth grades. Other teachers will be:

Mrs. Ruth Larson, first and second grades; Mrs. Ruth Freitas, third and fourth grades; Mrs. Eleanor Latham, fifth and sixth grades.

Mrs. E-Lane Thaxter is secretary at the four-classroom school.

Principal Toll said he expects enrollment at the school to be in excess of the pre-registration listing of 102 of this fall's students, made last spring.

## Taggs Return From Hawaii

Mr. and Mrs. George Tagg of 2730 North Main Street, have returned from Hawaii, after a 10-day stay.

They were at the Reef Hotel on Waikiki. They took movies of their trip. They also won a prize at a luau held at the Hawaiian Village.

Their host was their son, Dr. John A. Tagg, who has been practicing in Hawaii for a year. He plans to return to the United States and practice in San Francisco.

## Clark McIntosh Weds; To Return To East Africa

Costumes of nearly 40 nations were worn by the international friends of Clark B. McIntosh of Walnut Creek and his bride, Gwenyth Andersen, when they were married at Mackinac Island, Mich.

The ceremony was held at the Great Hall of Moral Re-Armament Assembly of Nations.

Afterwards the newlyweds were congratulated by several hundred friends, including many Japanese and Indians who have known McIntosh in his capacity as a representative of the Moral Re-Armament Assembly.

The married couple and Sir Tito Winyi III, the king of Bunyoro, in Uganda, East Africa, left for Finland, and planned to return to Uganda later.

Clark and Gwenyth will live in Kampala, center of MRA activities in Africa.

He is the son of Mr. and Mrs. William McIntosh, Walnut Creek. The bride attended St. Olaf College and Minnesota University.

**Correct potency is essential in vitamins**

**Vitamins are healthful. Like patriotism, this is a premise on which you'll find no disagreement. But there are many different vitamins. Consult your physician if you suspect a serious vitamin deficiency. His examination will disclose what vitamin(s) your health requires.**

**Also, vitamins must be of the right potency if they are to perform their function. Door-to-door salesmen of household gadgets and other nonmedical items now offer vitamin products as an "added line." Seldom is their talk based on scientific training.**

**Rely on your pharmacist to supply you with properly formulated, full-potency vitamins.**

## Forty New Teachers Hired By Acalanes School District

Forty new teachers have been employed by the Acalanes High School District for the staffs of its three high schools.

Twenty-one of the new instructors represent additions to the staff to meet enrollment growth. The rest have been hired as replacement for teachers on leave or who have resigned.

Miss Rona Spiers from England will teach at Las Lomas High for one year as an exchange instructor for Miss Roberta Bristol, Las Lomas girls' physical education teacher.

New teachers to the District will report to the District Office Wednesday for a morning meeting with district personnel and a bus tour of the district, luncheon and afternoon meetings at their respective schools.

The full District faculty will meet Thursday morning for a general meeting and Thursday afternoon, next Friday and September 3, for workshop and individual school faculty activities.

The teacher workshops will provide an extensive survey and discussion of instructional activity with teachers joining in a review of methods, goals and achievements for their department of study in the district.

The in-service workshop program for teachers is directed by Miss Lily Lahti, Acalanes District Curriculum Co-ordinator.

Here are new teachers and their assignments:

Acalanes High School: Daniel Glines, Social Studies, Physical Education; Patricia Lucero, Art; Philard McAtee, Social Studies; Ethelyne Morris, English; Fordyce Moulder, Math; Carlene Roberts, Spanish, Latin; Mary Lou Robinson, Home Economics; Niels Waidtlow, Life Science; Rolfe Williams, Spanish, Physical Education; Virginia Wood, English, Spanish.

Las Lomas High School: Jerry Bellon, Social Studies, Science; Norma Carder, Art; Jose Coleman, Spanish; Ruth Ewing, English; Dudley Garvey, Math, Physical Education; Sylvia Henzler, Math; Clarence Kissler, Distributive Education; Elizabeth Johnson, French; Ross Linson, Math; Duane Louis, Social Studies; Jane Manske, Art; Hubert Molina, English, Spanish; Ruby Ramey, Biology; Herbert Riebe, Industrial Arts; Harold Smith, Math; Mildred Stenberg, Home Economics; Rona Spiers, Exchange teacher from England, Physical Education.

Miramonte High School: Robert Anderson, Social Studies; Robert Brooks, Social Studies, Physical Education; Doris Burton, Commercial; Marian Calhoon, Latin, English... James Carmichael, Mechanical Drawing; Jack Darrah, Math; Francis Davis, Life Science; Mary Henriques, Spanish, French; Lillian Houston, English, Physical Education: Margaret Jacobsen, English; Eleanore Lueder, English; Norma Moser, English, Public Speaking; George Zunich, Math.

## Rotary Club Told of Bridge

The Richmond Bridge project was described Wednesday to the Orinda Rotary Club by Richard Murphy, superintendent for the Judson-Pacific-Murphy Steel Company, which constructed the bridge.

Murphy said the Richmond Bridge was the second longest bridge which spans water. Ed Hudson, program chairman, introduced Murphy at the club's weekly luncheon meeting at Orinda Willows. President Robeson Smith conducted the meeting.

Rapid transit will be discussed by Bob Weeks at next Wednesday's 12:15 p.m. luncheon meeting of Orinda Rotary at the Orinda Willows.

## Child Injured

A 4½-year-old Concord child was taken to Concord Community Hospital Wednesday for observation and X-rays following a collision with a car driven by Walter Rutherford of 1028 Lane Drive.

Jackie D. Hann, daughter of Mr. and Mrs. Chester Hann of 1168 Prospect Avenue, Concord, drove into the path of the Rutherford auto, police said.

## Cost Is Higher For Everything

**The cost of everything is higher these days.**

**Congressman John Baldwin, "bursting with curiosity," has called attention to higher costs with an item headed "Flash" he received in the August newsletter of Local 1192 of the National Federation of Federal Employees.**

**"The Classified Pay Legislation has reached the point in Congress where prompt and effective letters to the Senators and Representatives will be most effective, and certainly, most essential. Material for letters should include facts relative to your income, expenses, and pressing financial problems due to rising loving costs and lagging federal pay. Emphasize immediate necessity for favorable action."**

**Baldwin said he assumed the author had meant to refer to "rising living costs" but that a typographical error must have resulted in the words "rising loving costs."**

**FIRST CHURCH OF CHRIST, SCIENTIST**

## Acalanes DAR Will Be Guests Of Mrs. Lyon

Acalanes Chapter, Daughters of the American Revolution, will be entertained at luncheon Monday at the home of Mrs. Harvey Lyon of Oakland.

The guest of honor and principal speaker will be Mrs. Charles Romanowitz of Copra de Oro Chapter, Alameda, who is senior state vice-president of the Children of the American Revolution.

Her talk will be on the purposes of that organization.

The guests will also be treated to a travelogue by Mrs. George Hack of Berkeley on her experiences during a recent trip to the Near East.

Mrs. Clarence Smith of Orinda, regent of Acalanes Chapter, will introduce a tentative program for the coming year based upon "Our Goodly Heritage," the theme chosen by the president-general, Mrs. Allene W. Groves of Washington, D.C.

The following committee chairmen have been appointed by Mrs. Smith for Acalanes Chapter:

American Indians, Mrs. Robert Delareuelle; approved schools, Mrs. R. C. Wetphal; children of the American Revolution, Mrs. W. R. Chambers; conservation, Mrs. A. L. Ammen; D.A.R. good citizens, Mrs Irvin Miller

D.A.R Magazine, Mrs. Ernest Ford; genealogical records, Mrs. Eliott Johnson; honor roll, Mrs. Harvey Lyon; national defense, Mrs. Ernest Hadden; press relations, Mrs. Roy Heffner; program, Mrs. James Box; the flag of the United States, Mrs. James Meddaugh; parliamentarian, Mrs. Ernest Hadden.

## Kiwanis Adds Four Members

Four new members were induted into the Walnut Creek Kiwanis Club Monday.

They were Jack Varner, Dick Stocking, Bill Atkinson and Al Kenville. All are former Exchange Club members.

The honors were done by Stan Watson. The Exchange Club recently disbanded, due to clauses in the National charter pertaining to the exclusion from membership of all persons other than white caucasian males.

NEW! CONCENTRATED!

MAKES FULL 14-OZ. OF SAUCE

From Japan comes the secret of an amazingly different barbecue sauce. Ever tasted Chicken or Steak Terri-Yaki as served in the finest gormet restaurants? Now you can enjoy them at home often—at reasonable cost—with HIBACHI SAUCE.

Use it as a baste—a marinade—a sauce! Hibachi Sauce captures the delicate flavor of Oriental culinary artistry. Makes even simple, everyday barbecue foods taste exotic.

Remember Hibachi Sauce is a CONCENTRATE, which means a little goes a long way. Combine with wine, oil or water to taste.

TRY HIBACHI SAUCE ON STEAK, CHOPS, HAMBURGER, CHICKEN, SPARERIBS, IN FACT . . .

IF IT'S GOOD TO BARBECUE . . .
IT'S BETTER WITH HIBACHI SAUCE

**When you're out** for a drive in the country, you may notice a little "telephone gardening" underway. Especially where there are tall trees and shrubs. These growths could interfere with telephone lines if we didn't cut them down to size once in a while. When the brush gets extra thick, new chemical sprays (above) can be used. They do a mighty good job, too. And some day, I wouldn't be surprised to see a lot of spraying done from helicopters. It's already been tried out. No matter what it takes, the main thing is to keep those voice paths open for your calls.

* * * * *

**That's a piece of telephone** equipment in the hand of the man at left. It's called a thermistor. And the "heart" of it is just a tiny speck inside that tube. It's so small you could barely see it if you placed it on your fingertip. It does a big job, though. For with the thermistor, your voice can't fade or blare on the phone. Just goes to show that good things *do* come in small packages.

* * * * *

TEL TOGS FOR TEENAGERS

Back to school will be fun according to Penney's, Walnut Creek, if you sport that "look of knowledge." They suggest new cotton materials with "miles of dials" and dyed to match popular color-phone shades, especially selected for the phone-conscious teen-agers.

# Suburbia Scribblings

By MARIE MONAHAN

## Out of the pink

LIFE ISN'T QUITE so complicated anymore. Not if you have cashed in your Pink Stamps and taken a load off your "junk drawer" as well as the family's "pasting-up" parties.

Desks and closets, pockets and purses, ALL brimming over w/ the budget-minded so-called Savings Stamps.

ORANGE ONES, PINK ONES, not to mention the two shades of green and blue ones!

The Pink Stamp store stock had dwindled somewhat when one matron, w/a dozen full books and a perspiring brow, was ushered into make her choice. A choice between odd pieces of luggage and/ or knife sharpeners. Or both.

She came out w/three knife sharpeners which she said she was going to put away for Xmas presents. Or to "sharpen up" a bit for the Pink Stamp People!!

**Another lady, who had saved like mad for mos. to outfit hubby w/a complete new golf set, emerged INSTEAD w/a smart piece of Samsonite luggage. She said it just MIGHT uncomplicate things a little.**

She hoped it would restore SOME order to her stamp-littered life. The perfect solution for storeing all those OTHER STAMPS that have been cluttering up the house!

**SUMMERTIME IS SASHAYING** slowly toward its EXIT. And the sudden onset of social doings appearing on the calendar are significant of the changing season.

## Time to look at the calendar again!

Suddenly we're on the threshold of Late Summer. Or Indian Summer. That special time of year that many of us prefer to any other.

Members of Cottonwood Branch did some "brainstorming in their bathing suits at a recent swim meeting around the Lafayette pool of member Dena Nemer. Ond the idea they came up with is sure to guarantee success for their benefit cocktail party to be held Saturday, Aug. 31.

For three hours, 5-8 (we'd venture to say, a good bit longer), members and their guests will enjoy Life on the Riviera w/the garden and spacious patio of the George Jackson home on Owl Hill Rd. converted into a sparkling Monte Carlo setting.

**Member Barbara Ferrone will return from a family vacation at Tahoe w/her husband Michael and the youngsters in time to check last -minute details.**

And George and Marguerite Jackson and their chicks, who have been summering at the Lakes, Tahoe and Berkeley's Echo Lake Camp, will come home in time to open their home for the Children's Hospital party. The Jacksons, by the way, were joined at Echo by the Gene Hoppers and their children, Evie being a Cottonwood member, too.

## Cat's pajamas and the bee's knees—remember?

BOTH PANDORA BRANCH of Children's Home Society and the Orinda Country Club will follow in the final-fling-before-Fall-footsteps, w/both groups planning outstanding parties for the following Saturday, Sept. 7.

**FLAPPERS & F. SCOTT FITZGERALD characters will come to life (literally) at the Pandora's early evening benefit in the roaring 20s theme to be held at the Roy Beckett residence on Hacienda Circle.**

Chairman Louise Greathouse and publicity head Molly Sullivan among members canvassing friends' closets for appropriate costumes of that Cat's Pajamas Era!

The Country Club's annual affair, w/swimming, dancing and steak dinner, promises a prettier setting looking even MORE SO by the soft light that will glow from hundreds of Japanese lanterns.

The Arthur Lundblads are heading THIS PARTY'S committee w/an able assist from the Art Comerfords, William Scatenas and Caroline and Jim Reads.

**The latter couple, POPULAR party helpers, were languishing last week at Glenbrook, Tahoe, w/Caroline probably pondering infinitesimal party details. SHE to ALSO Chairman the forthoming LOMBARDY BRANCH frolic.**

Which promises to be better than its own usually wonderful time. THIS year, taking no chances w/the Weatherman, guests will dine and dance under a Big Top of a tent in the usual setting, Sept. 14, at the Orinda Country Club.

Dancing will be to Paul Faria's orchestra, to follow 8-9 dinner servings, w/the innovation of swimming and poolside portable & tote-ables commencing EARLY at 4 in the afternoon!

# Go to Church Sunday

## Methodist

Lafayette Community Methodist Church, 955 Moraga Road, Lafayette:

Church School and Adult Bible Class—9:30 a.m. Sunday.

Worship Services—9:30 and 11 a.m. Sunday. The Rev. Henry Page White, the minister, will preach at both services.

## Covenant

Lafayette Covenant Church, Brook Street and Moraga Road, Lafayette:

9:45 a.m. Sunday—Sunday School for all ages.

11 a.m. Sunday—Morning Worship.

7:30 p.m. Sunday — Evening Worship.

The missionary barrels will be opened in Sunday School this Sunday.

Teachers' Sunday School meeting will be held Monday evening.

Midweek service will be held at 7:30 p.m. Wednesday.

## Congregational

Jack Biersdorf, assistant minister, will preach at the 9:30 and 11 o'clock services at the Orinda Community Church (Congregational) on Sunday morning. A trio, composed of Mesdames Robert Brown, Charles Nelson and Douglas Watkins, will sing "Brother James" Air by Jacobs.

Church School for 3-year-olds through the eighth grade will be held at 9:30; nursery care through the eighth grade at 11 o'clock.

Senior Pilgrim Fellowship members will leave the church at 2:30 for Stinson Beach, where they will enjoy swimming, dinner and a campfire.

## Episcopal

First of two Sunday services, Holy Communion will be administered by the Rev. Albert Lucas at 8 a.m. at St. Stephen's Episcopal Church on Via Las Cruces at St. Stephen's Way in Orinda.

During this time, a prayer will be said at the altar for 10 members of the congregation in continuation of the weekly blessing of specific families within the parish. Begun at St. Stephen's by Mr. Lucas in January of this year, the blessing of each family in the membership is a year-long program in accordance with Episcopal practice throughout the world.

Attendance at the service of children under the age of 5 years during the 11 a.m. service.

Sunday School will meet at 9:30 a.m., with classes for 3 year olds through Adult Bible Class.

Vacation Bible School will meet Monday through Friday mornings next week from 9 o'lock until 11:30. Children 3 years old through eighth grade are invited to attend.

Tuesday evening at 8 o'lock the Board of Deacons will meet at the church.

## Baptist

Sunday the First Baptist Church of Orinda will meet at 11 a.m. in the Willows Banquet Room.

A special program has been planned with the invitation of a guest speaker. The message will be one of Biblical significance.

Those arriving early will hear a vibra-harp prelude.

Anyone interested in teaching a Sunday School class is asked to contact the pastor, Bruce H. Parker, at 2 Crest View Drive, Orinda, for further information.

## Baptist

First Baptist Church of Lafayette, 3653 Mt. Diablo Boulevard, Lafayette:

Sunday School begins at 10 a.m. There are classes for all ages.

The Morning Worship Service begins at 11 a.m. Sunday. The message will be delivered by Bill Cripps, who is preparing to go to Africa as a missionary. Mrs. Denise Cripps will also take part in the service.

Bill and Denise Cripps will also be present at the evening fellowship hour, which will start at 7 p.m.

Prayer Service and Bible Study are held every Wednesday evening at 7:30.

## Lutheran

"Keeping the Door Open" will be the sermon theme at the 8:15 and 11 a.m. services Sunday at Our Savior's Lutheran Church, 1035 Carol Lane, Lafayette.

The Rev. Merle O. Tollefson is pastor.

Nursery care is available for

# Local Teachers' Workshops Set For Next Week

Teachers who will teach in the Orinda School District during 1957-1958 will gather next week for a series of workshops in the fields of science, music, art and audio-visual education.

These workshops wil last for three days and are given to acquaint the teachers with methods and materials that can be used in the classroom.

Previously, these study sessions were conducted periodically throughout the school year.

**THIS YEAR,** however, the school administration is experimenting by having a more concentrated workshop prior to the opening of school.

The science course will be given by Dr. James Pearlman of San Francisco State.

The Audio-visual course will be guided by Mrs. Gertha Brown from the office of the county superintendent of schools in Martinez. Mrs. Brown will be assisted by Glenn McNicholas, newly appointed director of curriculum for the Orinda School District.

Mrs. Florence Rossi will conduct the art classes. Mrs. Rossi has recently been appointed art teacher for the schol district. She was formerly a teacher at the Sleepy Hollow School.

**GERALD Meeder** will be in charge of the music course and will be assisted by Frank Isola, director of physical education and recreation for the Orinda School District, and Dr. Hal Weatherbe, director of health, physical education and recreation for Contra Costa County.

It is anticipated that approximately 100 teachers and administrators will take part in the work shop program, according to Superintendent of Schools, Joseph L. Sheaff.

# Pear Psyllid (Noted Pest) Now in County

The pear psyllid, a troublesome pest to growers, has now been found in all pear-producing areas of Contra Costa County, according to a report just released by A. L. Seeley, agricultural commissoiner in the county.

The report states that the pear psyllid is an important pest of pears and although a native of Europe, it gained entrance into **the North Atlantic states in 1932.**

From there it spread over the Eastern states and into Washington by 1939. As a strong flier it spread over Oregon and into California in 1953 and it has since moved south and is now recorded in Sisckiyou, Del Norte, Mendocino, Lake, Napa, Sonoma, Solano and Sacramento Counties.

**SEELEY REPORTS** that the pear psyllid lives only on pear and quince foliage near pear orchards. It manufactures great quantities of honeydew in which sooty mold develops rapidly, and which is very difficult to wash off.

Red-eyed nymphs or young psyllids may be found living in a droplet of honeydew, and sticky leaves and fruit growing just below the infested foliage make picking difficult and extremely slow.

He stated further that the county had just completed a survey and he feels that pear psyllid will not be a serious problem to those farmers who are carrying on a regular spray program.

In order to keep this pest in check, Seeley advises that individuals use or plan for a spring and summer control program and that farmers use one pound of 25 per cent wettable parathion or two pounds of 25 per cent wettable malathion per 100 gallons of water, using this material in their first and second codling moth sprays.

Also, in case of severe infestations a third application might be necessary around June.

**DRUG ADDICTION**

The State Department of Motor Vehicles last year revoked the driver licenses of 814 persons for drug addiction.

# Re-Routed Creek Will Be Key Part of Bypass Job

Vern Cline, assistant county public works director, told the Orinda Chamber of Commerce recently that the 1.2-mile, $900,000 Orinda Village Bypass, work on which has already started, is "the most expensive mile the county has ever built."

The Orinda Village Bypass will extend from the Orinda Interchange to Miner Road. About 4000 feet of it will follow or cross over meandering San Pablo Creek.

Cline discussed the project at the August 6 luncheon meeting of the chamber of Casa Orinda. Chamber President Maynard Buehler, president at the gathering.

The assistant public works director stressed that plans have been coordinated with state and flood control agencies.

**IT WAS DECIDED** to straighten the creek, Cline said. He explained that the channel will be lined and that the old creek will be abandoned or filled.

"It will be cheaper and better to re-route the creek," Cline said.

The creek banks will be "gunnited," he stated. (This is a process of constructing walls or banks in such a way that pressure blows material into place, without the use of much liquid.)

Chain-link fencing will be placed along the east side of the creek (just west of the Planned Neighborhood Business District area).

However, the west side of the creek will not be fenced.

**DOUBLE-BARRELED** box culverting will be installed at some locations. Elsewhere, there will be open channel.

Under Plan B — approved the morning of Aug. 6 by the Board of Supervisors — the curved open channel near Leon Woolsey's place will be replaced with a closed box culvert, making an additional six-tenths of an acre which Woolsey will be able to use for parking, Cline explained.

The Plan B agreement between Woolsey and the county provides that Woolsey will contribute the difference in cost between Plan A (what the county originally planned) and Plan B.

**CLINE SAID** later that this difference will probably amount to about $20,000.

He mentioned that others might be interested in this type of culverting, and estimated that the additional cost for closed culverting would be $145 a foot.

But if anyone is interested in having this type of work done at that additional cost, he must act now, Cline emphasized.

**JOHN OGDEN** asked, "If such culverting is not done now at the extra cost of $145 a foot, how much will the extra cost be later for such a job?"

"Probably slightly over $200 a foot," Cline replied.

Traffic islands and channelizations will be provided by the county at intersections with the bypass on the west side of the creek, the speaker pointed out.

There will be no traffic lights at first along the bypass, Cline said, but underground conduit will now be installed for later use.

"The bypass does not warrant signals at this time," he declared.

**VACATION CHECK**

Don't take the chance of spoiling your vacation trip by neglecting your car. Tires and ignition system are two things that may cause trouble when subjected to continuous driving on a vacation trip.

# It's "Finis" for Exchange Club Due to Race Clause

Members of the Walnut Creek Exchange Club have returned their charter to the Exchange national headquarters in Toledo, Ohio.

Although "several reasons" have been described for the local organization's dissolvement, the underlying factor is a clause in the national charter limiting membership to white males.

This clause has been causing Exchange Clubs throughout the United States a lot of trouble, since national officers decided to enforce it about two years ago.

**A NUMBER OF** chapters quit, and others, like the Walnut Creek group, lost members.

The letter asking acceptance of the charter and an end of the local chapter was sent recently to Toledo. It was signed by all the members, as is required in such a case.

The Walnut Creek Exchange Club was organized in 1950, and was thriving with 30 plus members when in 1955, national officers insisted that certain clubs get rid of members who were not Caucasian males.

The local chapter continued in existence, but the enrollment dropped to almost half.

**WHEN ASKED** for a comment, Club President Dale Kimball said, "And we had trouble getting new members, too. It's hard to sell a club when you are not sold yourself. This had to happen."

Kimball's officers this year were Glen Hansen, vice president; Herb Miller, secretary, and Bob Noble, treasurer.

The former Exchangites have been invited to join the Walnut Creek Kiwanis Club. Probably about nine of them will make the switch.

The group will not meet again. Meetings have traditionally been held at Stan's Brick House on Thursdays.

When the enforcement of the discrimination clause began, the San Leandro Exchange Club immediately turned in its charter, and many members joined the Lions there.

Kimball stated that it is unlikely that the National Exchange officers will soften their views in the near future.

# Legion Post Is Cited for Work With Children

Walnut Creek Post 115 of the American Legion was awarded a special citation from the Department of California for outstanding work in child welfare at the recent state convention held in Long Beach.

The award was presented to Amanda Rice, third vice commander of the Ninth District and district child welfare chairman.

Robert Mairs, 1956-57 chairman of child welfare, accepted the citation for the local post.

One of the major projects in child welfare of Post 115 is support of the Lynn School for Retarded in Danville.

**LEGAL NOTICE**

**NOTICE TO CONTRACTORS**

NOTICE IS HEREBY GIVEN that the governing board of the Lafayette School District of Contra Costa County hereby calls for sealed proposals to be delivered to the Clerk of said Board at the office of said Board in the District Administration Building, 3477 School Street, Lafayette, California, until the 16th day of September at 2:00 p.m., at which time and place said bids will be opened for the furnishing of all labor, materials, equipment, mechanical workmanship, transportation and services required for: LANDSCAPING AND SURFACING of various schools and District Administration Bulding located at Lafayette, California, for the Lafayette School District of Contra Costa County.

These bids shall be presented in accordance with plans and specifications for said work prepared scape Architect, and are on file at 2650 Vicente St., San Francisco, California, and are available at this address upon receipt of deposit in the amount of ten (10) dollars.

Bids shall be made on forms prepared by the Lafayette School by: Ernest Wertheim, Land-District.

Bidders are hereby notified that pursuant to the Statutes of the State of California, the said Board has ascertained the general prevailing rate of per diem wages and rates for legal holidays and overtime work in the locality in which this work is to be performed for each craft or type of workman or mechanic needed to execute the contract which will be awarded to the successful bidder. A copy of the prevailing rate of per diem wages (Wage Scale) is as follows:

| Type of Workmen | Prevailing Hourly Wage Rate |
|---|---|
| Carpenters | 3.225 |
| Cement Mason, Journeyman | 3.22 |
| Mechanical Finishers | 3.36 |
| Laborers: Group I | 2.755 |
| Group II | 2.605 |
| Group III | 2.505 |
| Teamsters: Dump truck under 4 cu. yds. | 2.55 |
| 4 to 6 yds. | 2.69 |
| 6 to 8 yds. | 2.90 |
| over 8 cu. yds. | 2.925 |
| Gardeners | 2.505 |
| General Laborers | 2.505 |
| Plumber Journeyman | 3.135 |
| Joint Ind. Board | 3.135 |
| plus .30 vac. leave, .15 H&W, .015 Op. Fund, .50 Ann. Wage Guar., .06 | |

Note: Overtime shall be in accordance with the union wage scale in effect at the time.

All rates plus 10c per hour Health & Welfare except Plumber Journeyman.

The working day shall be eight hours unless otherwise specified above. The per diem rate shall be the hourly rate multiplied by the number of hours in the working day. When less than the number of hours constituting the working day, as herein stated, is worked, the wage to be paid shall be hourly rate multiplied by the number of hours actually worked.

All skilled labor not listed above that may be employed is to be paid not less than the union wage scale for such labor and in no event to be paid less than 2.505 dollar per hour.

It shall be mandatory upon the Contractor to whom the contract is awarded, and upon any subcontractor under him, to pay not less than the said specified rates to all laborers, workmen and mechanics employed by them in the execution of the contract.

Properly indentured apprentices tices may be employed upon this may be employed upon this work in accordance with the state law. Such apprentices shall be properly indentured and shall be paid not les than the stadard wage paid to apprentices under the regulations of the trade at which they are employed. An apprentice shall be employed only at the work of the trade to which he is indentured. The initial wage to be paid an apprentice shall be not less than twenty-five per cent (25%) of the journeymen's wage being paid and shall be increased each six months in the amount not less than fifteen per cent (15%).

The Board reserves the right to reject any and all bids, or any or all items or alternates or propositions of such bids.

By order of the Governing Board, August 5, 1957.

S. L. ADAMS
Clerk of the Governing Board of Lafayette School District of Contra Costa County, State of California.

# Fire District Controversy Continues to Get Hotter

Controversy continued this week over the future of the Lafayette Fire District.

Public hearing on the petition for dissolution of the present independent Lafayette Fire District and formation of a county fire protection district will be held by the County Board of Supervisors at 10 a.m. September 3.

The petition was circulated by the Lafayette Fire Fighters Association. Some 83 valid signatures were on the petition.

The September 3 hearing was scheduled last week by the supervisors.

Purpose of the move is to pave the way toward consolidation with other fire districts in Contra Costa County, according to Don Wright, president of the Lafayette Fire Fighters Association.

**INDICATIVE** of the battle-lines were these developments:

1. Chairman Cy Turner of the Lafayette Fire District Board declared that Lafayette taxpayers will "take it on the chin" if they give up the present district in favor of a new county-type fire district.

"We will still be paying for our fire protection, with a county fire district tax," Turner stated, "but we will have no control over the administration of the local fire department and will donate to the county $500,000 in property and equipment and get nothing in return."

2. **AT ITS REGULAR** monthly meeting at the main fire house on Moraga Road on August 6, the Lafayette Volunteer Firemen's Association voted to give "full and active support" to the Fire Fighters Association in its "efforts to reorganize the fire district to a 1923-act district," Bill Collins, Volunteer Firemen's Association president, reported.

"We feel that this is in the best interest of our local taxpayers and will pave the way for future consolidation and lower taxes," Collins continued.

"We have been assured by the fire fighters that this will not affect their pay, as stated by the commissioners."

Although the Volunteer Firemen's Association includes both volunteer and regular local firemen, the regular firemen abstained from voting on the matter, and only the volunteers voted.

**THE PRESENT** fire district is on the basis of an 1881 act. Under this setup, the fire board consists of three commissioners elected by the district voters, with each commissioner serving a three-year term.

Under the 1923 act, the board would consist of five commissioners appointed by the Board of Supervisors and serving at the pleasure of the supervisors.

Supervisor Mel Nielsen said the supervisors were awaiting a report by the office of County Administrator D. M. Teeter on the feasibility of consolidating the Lafayette, Orinda, Moraga, Central, Mount Diablo and Mountain View fire districts.

**"I FEEL** it would be a step in the right direction," said Nielsen, who was a Lafayette fire commissioner until he became supervisor last January.

"If the people of Lafayette decide they want to change to the 1923 act, it is not going to change the essential operation of the district, other than adding two men to the district board.

"As far as I'm concerned, the present three commissioners would remain—Cy Turner, George Parkhill and James Simonds. Two other commissioners would be added.

**"THE ISSUE** is definitely not one of trying to get higher salaries for the firemen. Under a 1923-act setup, the commission would still run the district. And under a consolidated setup, the individual district boards, acting in an advisory capacity, would still have considerable influence in the determining of salaries.

"Also, buying in quantity and a master plan for location of fire houses would be distinct possibilities under consolidation."

However, the opposition of the present Lafayette fire commissioners has intensified.

**TURNER SAID** that Lafayette's present bonded indebtedness for fire protection will still have to be paid by Lafayette taxpayers, even if the present fire district is dissolved. In addition, he stated, the cost of fire protection under a county-type fire district will have to be higher to pay for county civil service benefits.

"Under the county-type fire district, we will lose control over efficiency of fire administration and will have to give up our present local standards used in the hiring of firemen," Turner added.

"The Lafayette Fire Department," Turner declared, "has a very high rating (No. 4) from the National Board of Fire Underwriters, which means lower fire insurance costs for Lafayette homeowners. Our rating ranks with the best in Contra Costa County. By contrast, many of the county-type fire districts go as low as No. 10 in their efficiency ratings. It is obvious we will gain nothing in fire protection by giving up our present Lafayette Fire District."

Turner added that local control will be eliminated by formation of a county-type fire district, since the local elected fire commissioners would be "replaced by a five-man advisory commission appointed to serve at the pleasure of the Board of Supervisors."

**THE PRESENT** district board, he said, is responsible only to the voters of Lafayette, but the county-type district board would be responsible to the Board of Supervisors.

# Cerebral Palsy Class Finishes At Shadelands

Over 20 students attended the summer program for cerebral palsied students which concluded recently at the Shadelands School.

The school, especially constructed for palsied-stricken children, has served more than 132 children in the central county area.

**SOME OF THE** participating students learned to ride specially-built tricycles, drink liquids or speak during the five-week session.

"We know that cerebral palsy is damage to the brain most likely caused at birth. But as recent as 10 years ago parents were completely uninformed and hid involved children from the public," director of the summer school Miss Mary Catherine Hanna said.

"Luckily societies were formed to make studies, and thereby gave the children a chance at some degree of normal education and activity."

**"SINCE THERE IS** no cure for these children, we endeavor to teach them to get around the damaged paths by training new paths. Our concentration is to develop new physical patterns that affects the mother patterns. We try to wield new patterns that affect sight, hearing, hands or limbs, depending on the extent of the involvement," she explained

Summer matrons were Emmeline Kiikne, Jean Jones and Phyllis Emory. They were assisted by mothers who donated two days a week.

Teenagers who assisted include Susan Grant, Judy Jones and Sharon McAllister. Miss Laura Bosworth was the physio-therapist matron.

The three-year-old school is operated in conjunction with the Contra Costa Cerebral Palsy Society and is supported by United Crusade funds.

# Supply Offers Boysen Sale

The 28th annual Boysen Paint One Cent Sale is now underway at Pleasant Hill Garden Supply and Hardware, located at the corner of Oak Park Boulevard and Contra Costa Highway, Walnut Creek.

This yearly paint sale offers a second quart of Boysen Rubberglo Flat Wall Paint for just one cent, with every quart purchased at the regular price.

The sale will continue through tomorrow.

In making the announcement, William Gherke, owner, said that other Boysen paint items reduced in price especially for the sale include Pork and Deck Floor Enamel, Boysen Odorless Dreem Semi Gloss Enamel, a Miracle Roller set, and others.

# San Pablo Park Open to Review'

The East Bay Municipal Utility District "is still open to review" of its lands in the vicinity of the San Pablo Reservoir for park purposes, EBMUD President Louis J. Breuner stated in a recent letter to Richard W. Leland of 15 St. James Sourt, Orinda.

However, Breuner noted, "The Contra Costa County Board of Supervisors indicated in our recent negotiations that the property acquired in the Briones Valley was the limit of its present intention."

Breuner's letter, dated July 22, was in reply to one from Leland regarding the lands that lie around the San Pablo Reservoir.

**"AS YOU PROBABLY** realize," Breuner wrote, "throughout the years the EBMUD has been very conscious of its obligation to the community, both in the disposition and acquisition of lands necessary to insure a good water system.

"One of the earliest transactions in this regard was the transfer of property from the EBMUD to the East Bay Regional Park District in order to set aside appropriate property for park use.

"Most recently the utility district entered into an agreement with the Board of Supervisors of Contra Costa County for the sale of approximately 1500 acres in Briones Valley for park use by Contra Costa County. Also, you probably remember the transaction with the East Bay Regional Park District some years ago that made available the Grass Valley property as an addition to the Regional Park system.

**"THROUGH** these same years there has also been a strong feeling on the part of many public groups that property should not unnecessarily be kept from the tax rolls in public ownership.

"The utility district has also been sensitive to this sentiment, and certain property have been made available for residential development when they were no longer needed in order to insure a safe water supply.

"Currently the utility district has been considering the appropriate disposition of the lands lying around San Pablo Reservoir. If these lands can be adequately sewered, they need no longer be owned by the utility district to protect the watershed.

**"OTHER LANDS** are required for further development of district facilities, and therefore it has been considered advisable to use the funds that might be realized from the disposition of unnecessary property for the acquisition of new property, thus avoiding either an increase in debt or an increase in rates or taxes.

"The utility district has been, is and will be very happy to consider the disposition of its property for park purposes.

"To date there has been no firm indication from any official park agencies of a desire or intention to acquire such property.

**"THE STATE** apparently has no intention regarding this land.

"The East Bay Regional Park District has not responded that it wished to negotiate for this property as an addition to its system.

"The Contra Costa County Board of Supervisors indicated in our recent negotiations that the property acquired in the Briones Valley was the limit of its present intention.

"Nevertheless, the utility district is certainly still open to review of this matter and would be most willing to consider any bona fide suggestion as to park development for its unneeded properties."

# 'Stop' Signs Ordered for Frontage Roads

Traffic-control signs were authorized by the County Board of Supervisors Tuesday for two of the new frontage roads along the Lafayette Bypass.

On recommendation of the County Public Works Department, the board:

1. Declared Windmill Road (from Upper Happy Valley Road to Pine Lane) a through highway and ordered "Stop" signs to be installed along Windmill Road where necessary.

2. Declared Turner Avenue (between Oak Hill Road and First Street) a through highway and ordered installation of "Stop" signs along Tunrer Avenue as necessary.

3. Declared the intersection of Oak Hill Road and Tunrer Avenue to be a "stop" intersection and ordered installation of "Stop" signs facing Turner Avenue.

**MORE THAN AVERAGE**

The State Department of Motor Vehicles reports California has 53 vehicles for every mile of highways; the national average is 14 per mile.

# Officers Attend Police School

**Walnut Creek Police Officers James Battles and John Cashman recently attended the 16th annual California Technical Institute of Peace Officers Training held at the University of California, Berkeley.**

**The course included personnel management, evidence, criminal law, criminal procedure and criminal investigation.**

**Police Chief Leigh Brilliant commented that he is happy that the officers were able to get more formal education in police work and develop their abilities. The City of Walnut Creek paid their tuition.**

# Should We Consolidate Our Area's Fire Districts?

There will be a public hearing, held by the Contra Costa County Board of Supervisors, on September 3 regarding the formation of a county fire protection district.

What does this mean to Mr. and Mrs. Taxpayer . . . to you and me?

If a "unified" fire district were formed, taking in the greater part of Central Contra Costa County, would it mean better and more efficient fire fighting service to the communities involved?

**Would our tax rate be less in the long run? Would we retain our local rights to decide how we want things run in our own communities?**

It seems to us that these are all questions which must be answered before an intelligent decision can be made on the ultimate distribution and formation of our fire districts.

There is an obvious disagreement of opinion on the values of the move, as expressed by the Lafayette Fire Fighters' Association on one hand and the Lafayette Fire Board on the other.

The firemen have stated that the consolidation would mean an eventual tax saving, that it would result in an increased efficiency, and that the approach to problems would become standard.

On the other hand, Fire Commissioners have stated that property would have to be donated to the county, that the tax rate would increase, and that local control would be lacking.

What is the answer to these questions?

We are certainly not prepared to answer them intelligently, and we doubt that anyone else in the county is at the present time. There has been much talk, but few concrete proposals based on a comprehensive study of the area and its problems.

A recent study, made for the county and entitled "The Kroeger Report," dealt with firemen's wages, but did not consider the merits or disadvantages of fire house location, consideration of districts and similar problems.

**We would suggest that a comprehensive study by an outside agency be made, and that the final decision be based on facts rather than opinion.**

The County of Los Angeles has recently consolidated its fire districts, and reports that the system is entirely satisfactory. But what is satisfactory for Los Angeles might not be so for Concord or Walnut Creek, or Orinda.

However, that report should be analyzed and applied to the local situation, a comprehensive report should be filed, and then the matter could be settled in the only sensible way.

After all, the individual must be cared for first . . . the individual who needs fire protection.

When a fire starts in your home, you want service NOW and you don't care whether it comes from a unified district or a local district.

But the situation should be investigated so that the individual who has that fire will get the best and most complete protction available . . . and at the lowest cost.

Facts are needed now . . . and decisions can be made later, after there is a solid foundation of fact.

## The Staff Corner

# The Right to Read Wrong

BY LOU CANNON

Censorship may be where you find it, but you're not liable to object to them censoring something you don't like.

Those of us who become easily jaundiced when a pet prejudice or idea is suppressed rarely have difficulty swallowing the censorship of the unpopular—our free society's traditions notwithstanding.

**TWO RECENT** cases in central Contra Costa illuminate our frequent tolerance of the censorship of the unpopular, one of them in Orinda, the other in Concord.

The Orinda case involved "library censorship" of some anti fluoridation texts. In Concord, a not-so-publicized issue concerns the proposal of a city councilman to outlaw so-called "obscene" books reportedly on newsstand shelves.

In both cases, the motives of the purported censorship are popular with many. The number of people ready to publicly defend obscene publications—or even trashy comic books—can be numbered with those who make a practice of hitting Mother.

This reporter submits that in Orinda these selfsame antifluordiationists have a case. On a subject as controversial and complex as fluoridation, any press report is to some extent pre-digested—that is, the serious lay student of the problem is unlikely to find sufficient information to satisfy his curiosity in any periodical account.

That leaves the libraries. If people are not free to obtain controversial books on fluoridation, sex or politics in a public library, where in a free society are they to obtain them?

**JUST HOW DOES** an administrative agency determine that it is using "principle rather than personal opinion" when it submits books for approval to an agency known to be antagonistic towards the views of these books?

Mrs. Hellum has a somewhat better case where lack of library space is cited, but hardly enough of a case to warrant such a cavalier dismissal of the original charge. The very fact cited by the good librarian—that public libraries have been consistently opposed to censorship—should make her careful to do more than invoke this principle when selecting books.

In our opinion, her request ot the Health Department—though not that department's reply constitues a "respecable" censorship which is directly related to more virulent types of suppression.

**THE CONCORD** censorship has a less reputable opponent but is scarcely less excusable for that reason.

Indeed, the proposed ordinance would undoubtedly have to make a judgment between saleable literature and obscenity—a judgment that a democratic society should be careful of extending.

Councilman Tom Coll undoubtedly regards the presence of certain objectionable comics and other magazines as dangerous to youth. So do educators, many psychologists and this reporter.

**BUT WHERE DOES** the line-drawing take place on a publication-censoring ordinance? And who does it?

At different times within the past two years, state measures restricting comic books have been turned down—once on a gubernatorial veto and once by the legislature itself.

The current "City Lights" case in San Francisco provides a good example of the difficulty that any investigative authority may have in separating obscenity from literature.

**SOME TIME AGO,** this reporter remarked in another Staff Corner column that "to make kids think for themselves and on their own initiative is fraught with dangers, dangers that most of us in a democracy believe are very worth the taking."

And so it is with censorship. There are dangers involved in not censoring, but dont' most Americans really believe these dangers are worth risking?

## Ziegler Joins Scout Council; Has Experience

Leonard R. Ziegler joined the executive staff of the Mt. Diablo Boy Scout Council as the Berkeley-Albany District Executive August 15, according to Victor Lindblad, scout executive.

He succeeds Ray Balmforth who has accepted the position as director of programs for the Council.

Ziegler is a native son. He attended public schools in Pomona and is a graduate of Pomona College. He has wide experience as a building contractor and real estate broker.

During World War II, Ziegler was selected to work with the F.B.I. and local authorities on special projects for the prevention of juvenile delinquency. This resulted in Boy's Town Hall Club with such activities as Junior Police and Fire Groups, drag strips fro hot rodders, etc.

Ziegler remained as director of Boy's Town Hall until 1947 when he entered professional scouting. He served an equal number of years as District Executive in the Old Baldy and Vergudo Hills Council of Southern California.

# Why, Oh, Why Has My By-Line Gone Bye Bye?

By PAT PENDING

Why has my by line gone bye-bye?

* * * * * *

I've been toying with the idea of writing a book. Books are nice to have around. They're very useful for stacking under small fry on a chair so that the young hopefuls can get their chins above table tops. Books are necessary. How else could you bet on a horse without going over to Bay Meadows.

**I think that I'll start my book from the end instead of the beginning just to fool all the readers who always trun to the back of the book to see how everything turns out before they start reading.**

On second thought: I think that the ideal way would be to start my book in the middle and write BOTH ways—thereby confusing everybody!

And, when I'm finished and IF the book is published, I am going to insist that pages be bent over at intervals as a convenience to readers without book marks!

(Incidentally, I'm writing this column under a tremendous handicap. Daffy Duck is expounding on T.V. Bugs Bunny is due to follow and, for the clincher, Popeye!)

**Remember life before television?**

When you didn't come home from work and grope your way through a darkened living room stumbling over neighborhood urchins squatting Indian fashion on the Axminster?

When no worried mother telephoned and asked: "Is pestilence at your house? We haven't seen him for two days!"

Neither do I.

* * * * * *

Before starting a book (the reading kind) you must have a subject. Having a subject is almost so important as having an object. Anyone object? And, it shouldn't be an abject subject. Anyone object?

My subject will be an objective treatise on the "Life of A Salesman"—which, I am positive, will be far more interesting than the death of one! Old salesmen never die—they just get drummed out or become the most obnoxios purchasing agents imaginable!

More about all this later.

* * * * *

**The Indians are coming! As a matter of fact they are here now—in Concord. I'm worried, as I read recently that we never paid them for California. Are they going to take Concord for a down payment? Should make a good Red Man. Man! I've been in the red all my life!**

* * * * * *

Anyway, the Pow Wow means a parade and I love a parade! What I like most is the majorettes. It fascinates me the way they swing their—ah—batons!

## Letters to The Editor

**NATURE STUDY**

Dear Editor:

I appreciated seeing the picture in The Sun of myself and Dr. Goodwin, president of the Nature Conservancy, who was visiting the site of the Orinda school's proposed nature study area. However, the caption incorrectly reported that we were leaders of the project.

Most deserving of credit for launching the nature-area projects are Mrs. Raffi Bedayn, 49 Oakwood Road, Orinda, and Mrs. Margaret Anderson, principal of Glorietta School.

They started the experiment on the Glorietta School grounds and helped it spread elsewhere.

And at Orinda School proper, William Gaskell, principal, and Mrs. Curtis Newcombe, fifth grade teacher, organized the omvement to establish a natural area, with support from parents and others too numerous to mention.

Superintendent Joseph Sheaff has, of course, stimulated the project greatly, and looks forward to its being taken up in all the units in the district.

The Nature Conservancy is a national conservation organization which has a special committee supporting the movement to establish nature-study areas adjoining school grounds, as outdoor laboratories for all grade levels.

We are happy to contribute to this end in any way we can, but we are happy to say that the people of Orinda have done an excellent job of initiating and carrying on these projects.

WILLIAM DRAKE
Western Representative,
Nature Conservancy.

**FLUORIDATION BOOK**

Dear Editor:

In accordance with my previously published promise, I have presented to the Orinda Library a book entitled "Fluoridation as a Public Health Measure," edited by James H. Shaw of the Harvard School of Dental Medicine.

The book was published by the American Association for the Advancement of Science, which is the one large national membership organization in the United States that represents all fields of science.

Of particular interest to residents of Contra Costa County is the fact that the first chapter of some 35 pages was written by our own Dr. Zachary M. Stadt, assistant health officer, Division of Dental Health, Contra Costa County Health Department.

RICHARD W. LELAND.

## Letters to The Editor

**COSTS**

Dear Editor:

If Mr. Leland believes that flouridaiton (artificial) is "inexpensive" and not a by-product of aluminum companies—then he is indeed among the uninformed.

For any city to buy expensive mixing machinery and tons of deadly fluorides is business folly, and he wouldn't indulge it in his own ventures. To say nothing of the terrific extra costs in replacing the water equipment when it gets chewed out by the extremely corrosive fluoride solutions—used commercially to etch glass.

American Water Works Association journal, September, '51, states "Fluoride solutions—destroy steel pipe very rapidly."

**AN OPEN LETTER** from the city manager of Schenectady, New York, states, "Corrosion of fluoride in pumps and pipes and replacement of this equipment will cost between $25,000 and $30,000 . . ."

The Water Department of New York City, in its open statement, reveals that fluoride tablets could be bought by the city and offered free to those who want it, at the small cost of about "less than 25 cents for a thousand days for each child . . ."

When we analyze the fact that if fluoridation might cost the city $30,000.00, only about 1 per cent of this sum ($3003 would be used for a family's food and drink, and of this sum about one-eighth would be used by the children under 8 years who are supposed to benefit, which would make it about $37.50—and of this sum, only one-fourth of the parents really want their children to have it—that leaves about $9 worth of flouride actually wanted for fluordiation of young children.

In other words, $9 worth of fluoride from $30,000 worth of unwanted fluoride leaves $29,991 wasted down the drain! Is this CHEAP?

**FAR BETTER** to use this $30,000 of city funds for legitimate needs, such as new school rooms, increases in salaries for city employees, such as teachers, firemen, police, etc.

Now, as to flouride being a waste-product, we need only look at "Chemical Week" for July 7, '51, an article, "Water Boom for Fluoride," which states . . . . "chemical makers are goggle-eyed . . . standing to benefit from the boom are chemical companies and equipment firms . . ."

When the Oregon ranchers sued Aluminum Company of America for $200,00 for fluoride damages to cattle, a report in the Seattle Times, December 16, '52, states, "the court agreed with Fraser that the company was at fault in dumping fluorides . . . in the Columbia River . . . contaminated the grass and forage and resulted in injury and death to the cattle."

Many other such damage suits are now filed, such as the one in Tennessee courts against ALCOA—for 3 MILLIONS, reported in the Knoxville Journal 7/30/55.

Who are the uninformed? If Mr. Leland wants to use fluoride, what is he waiting for? Why doesn't his dentist give him a free prescription so he can go buy some?

MRS. JOHN JEFFREY

**FALLOUT**

Dear Editor:

Norman Cousins, editor of the Saturday Review said on July 3 at a meeting of the National Education Association, "Almost without realizing it, we are adopting the language of madmen.

"We talk of 'clean' hydrogen bombs as though we are dealing with the ultimate in moral refinement.

"We use fairyland words to describe a mechanism that in a split second can incinerate millions of human beings . . . to call a hydrogen bomb or any bomb clean is to make an obscene farce out of words." TOM KENDALL

# Artists to Hear Jade Fon Speak

"Chinese Painting Compared to Western Painting" will be the topic given by artist Jade Fon when he speaks before members and guests of the Diablo Art Association on Monday evening.

Fon is well-known both as a teacher and water-color artist. His pastel figure and portraits are in several local collections.

He is a graduate of the University of Arizona in Flagstaff, and stdied art in several art schools in Los Angeles.

The meeting will take place at 8 p.m. in the Walnut Creek Recreation Center. The public is invited. Coffee will be served.

## Under The Sun

# Let's Get Good And Mad And Blow Off Steam

By HERMAN SILVERMAN

Let's get mad today! Not "angry"—but MAD! I'll blow off some steam in this column; and you can blow off steam in your column—Letters-to-the Editor.

**MAD No. 1: Aspirin—candy-flavored aspirin to be exact. Recently I read that another young child had died after eating "candy" aspirin. Sweetened aspirin is candy to a baby or toddler or youngster. They will climb high to get to this candy and enough of it will kill a child. It happens too often. Don't buy this kind of aspirin.**

Let's not blame our druggists. I have talked to our local druggists and they would prefer not to stock it—but parents continue to demand it.

### Get tough on morals cases

**MAD No. 2.:** This week two men pleaded guilty to molesting girls. They were placed on probation! (This did not happen in our area, incidentally; but it was in the county.)

A 72-year-old man admitted molesting two neighbor girls, ages 12 and 14. He was given five years' probation after being released from a state mental institution where he has been sent for psychiatric examination and treatment, according to the report I heard.

The other was 52 years old who pleaded guilty to molesting two young girls. He was fined $200 and placed on three years' probation!

Probably there are extenuating circustances. In the first case, the man had treatment and perhaps was considered a safe risk. I don't know the details but I do believe this county could tighten up on morals cases.

### Neighborhood death drivers

**MAD No. 3:** How often do you see some car speeding on your neighborhood street? Too often. A car going 40 or 50 or even 35 miles-per-hour in a neighborhood is driving too fast to stop if a child runs into the street.

I could reverse this and get **MAD** at parents who permit their children and dogs to play in the street. Let's teach our kids to be very careful on bikes, trikes or on foot.

### The Battle of Martinez

**MAD No. 4:** It's time for our county supervisors and Sheriff Harry Brown to start acting like adults when they deal with each other. If the supervisors say "black," the sheriff demands "white"—and vice versa. Who is at fault? All of them. The supervisors and sheriff are both guilty. And the public loses.

I don't think that a sensible difference of opinion is bad. In fact, a little public controversy in county government is healthy. Too often, in the past, decisions have been made behind the scenes with little or no public discussion.

**There is no question that Sheriff Brown has been and still is the target of some county politicians. On the other hand, Brown has added his share of fuel to the fire. It is time this should stop.**

I could go on with Mad No. 5 and 6 and 7 and so on. But it's your turn. Write a letter to The Sun. Keep it short. Sign it.

You, too, can be MAD!

# Colorful Decor to Grace Art Center's Big Show

Giant bubbles in a kaleidoscope of color will deck the halls of the Jellett Building, 3406 Mt. Diablo Boulevard, Lafayette, when the Valley Art Center's big annual art show, drawing artists from throughout the Bay Area, opens Saturday, September 7.

The huge hanging colored balls are part of the decorative scheme for the art show, the Valley Art Center's Ninth Annual Exhibit, which will be open to the public day and evening hors on both Satrday, September 7, and Sunday, September 8, acording to the show's co-chairmen, Mr. and Mrs. Parker Stack of Orinda.

For the first time the show will have a completely coordinated design, from decorations through posters, tickets and program, all the work of Robert Cornwall, landscape designer of San Francisco. Cornwall is not only distinguished for his work in landscape design in the Bay Area, but has been responsible for a number of museum shows in San Francisco.

**PAINTERS** invited to exhibit in the Ninth Annual now total nearly 50, Mrs. Stack announced.

An additional exhibitor from Orinda will be Professor Eugene Neuhaus.

Besides painting, the show will feature sculpture, mosaics and landscape design.

A Palo Alto sculptress, Virginia Davidson, whose sand sculptures have been displayed in Sunset Magazine, has been added to the list, Mrs. Stack said.

**THERE WILL BE** a preview party for members and guests of the Valley Art Center on Friday, September 6, starting at 8:30 p.m., and a pre-preview reception and dinner for visiting artists prior to this affair.

The preview for members will be held on the show grounds, and the reception for the exhibiting artists at the home of Mr. and Mrs. William T. Wilkinson in Orinda.

Working with Mrs. Wilkinson on the unusual decorations are Mesdames John Martsolf, Ernest Hoversten, William R. Zion, John Schlichtman, William Vogt, Pierre Pelissier and John Armstrong, all of Lafayette.

**HEADQUARTERS** of the Valley Art Center have been moved to the Frame House, 3688 Mt. Diablo Boulevard, Lafayette.

Currently exhibited there from 10 a.m. until 5 p.m. are ceramics by Maybeck.

**THE VALLEY ART CENTER,** bringing fine art on a year-round program to all the communities of the Diablo Valley, offers membership at $5 per year.

Interested persons may contact Mrs. Rawlings Simon, CL 4-2720, in Lafayette; Mrs. L. Scharmer, YE 4-6958, in Walnut Creek, or Mrs. J. Gordon Ainsworth, CL 4-2192, in Orinda, for membership information.

SUN, SAND AND STARS is the theme for the Laurel Junior Branch for its September 6 festivities at the Diablo Country Club. Preparing for the event are, from left to right, Mesdames Neil Throms, Robert Harbaugh, Perry Holmes and Lloyd Kindall Jr. The event will be open to members and guests and will be from afternoon until evening. —Sun photo by Bette Balog

## New Chairman Named for Dance

Mrs. Thomas F. Kling, Mayten branch chairman, has announced that Mrs. John Everett has been appointed new chairman of the "Make Mine Country Style" country fair and dance to be held at Veterans Memorial Building in Lafayette on Sept. 28, 8 p.m. Mrs. Roger Patterson has relinquished the chairmanship due to illness.

Tickets are now available from all Mayten members and Mrs. Albert Johansson, ticket chairman at CL 4-5002. No tickets will be sold at the door.

Invitations and announcements of the dance are being distributed to their friends by members, but members cordially invite interested couples or groups to call for information and tickets.

The affair will benefit the Children's Hospital.

The country store booth will have many varieties of homemade goodies which will be displayed and sold at the fair including homemade fruit pies, fudge, homecanned peaches and jams, and a special barbecue sauce.

Vince Wallace's Orchestra, an exhibition of square dancing and a barbershop quartet are highlighted in the entertainment committee's plans.

Hot dogs, coffee and cold drinks will be served in the downstairs fun room.

## Heather to See Styles At Roundup

A fancy "Fall Roundup," with a smart western style show and a country-flavored luncheon of home fried chicken, will be held by members of Heather Branch at the Walnut Creek ranch of the Gerald Grays on September 25.

Although it will be a roundup without cowboys, the Grays' prize winning Palomino horses will be in evidence. Arriving guests will motor alongside the fenced pastures leading to the main house on Tenacre Ranch. The 12:30 p.m. event will be staged on the lawns and terrace adjoining the pool.

Luncheon tables will be covered with red cloths sporting bouquets of white daisy. The fried chicken will be wrapped in cellophane, tied with colorful ribbons and served in little baskets.

Fashions from Alfred Nipkow's of Walnut Creek, featuring casual western styles, will be modeled by members from various hospital branches including Mesdames Ronald Hubbard, Zook Todd, Robert Rowe, Philip Muscheid, Emerson Wiser, Robert Warner, Stephen Shutt and Gordon French.

Mrs. Heber Smith is chairman, and reservations may be made through her, CL 4-3824, or by contacting the ticket chairman, Mrs. Robert Niebel, TE 6-0462.

## Sylvia Howe, Joseph Simon Recite Vows

Sylvia Jean Howe, daughter of Professor and Mrs. Everett D. Howe of 15 Glorietta Court, Orinda, was married August 10 to Joseph Bruce Simon, son of Mr. and Mrs. Joseph S. Simon of 16 Diablo Circle, Lafayette.

The 11 a.m. wedding ceremony took place in the chapel of the Pacific School of Religion in Berkeley. The Rev. Ray Welles of Redding officiated.

Maid of honor was Miss Patricia Kiernan of Orinda

Best man was Nick Musco of Piedmont.

A reception at the home of the bride's parents followed the wedding.

The newlyweds went to the Feather River country for a honeymoon. They will make their home in Lafayette.

At the wedding the bride wore a long full white skirt of nylon tulle and Chintilly lace, sequin-starred. Her bouquet was of white orchids and roses.

The maid of honor's dress was aqua blue. She carried a bouquet of yellow spider chrysanthemums.

Both bride and groom graduated from Acalanes High School in 1955.

Sylvia attended the University of California, where she was affiliated with Alpha Xi Delta Sorority. She is employed as a secretary at Kawneer Company, Berkeley.

Joseph, a student at St. Mary's College, is employed at Kelly's sporting goods store in Lafayette.

## Lombardy Will Stage Barbecue

Invitations are in the mail for Lombardy Branch's fifth annual barbecue, to be given at Orinda Country Club, September 14, for the benefit of the Children's Hospital of the East Bay.

"A Night Under the Big Tent" promises to be a fabulous barbecue, with dancing to Paul Faria's Orchestra.

Mrs. James Read is chairman of the affair.

## Anne Smith, Lynn Staheli Are Wed in Salt Lake City

Anne Lee Smith, daughter of Dr. and Mrs. C. Ronald Smith of 84 Las Trampas Road, Lafayette, was married yesterday morning to Lynn Taylor Staheli, son of Mr. and Mrs. Harvey R. Staheli of Provo, Utah.

The 9 o'clock ceremony took place at the Latter Day Saints Temple in Salt Lake City, with Richard L. Evans, apostle of the LDS Church, officiating.

The bride was given in marriage by her father.

Maid of honor was Jeanette Smith of Lafayette, the bride's sister.

A reception will be held tomorrow in the garden of the home of the bride's parents

Bridesmaids at the wedding were Miss Linda School of Park Ridge, Ill., and Miss Kay Fowler of Cheyenne, Wyo., both of whom are Delta Delta Delta sorority sisters of Anne's at the University of Utah, where Anne is in her junior year.

Lynn is a graduate of Brigham Young University and is in his junior year at the University of Utah Medical School.

Following a honeymoon at Carmel, the newlyweds will be at home in Salt Lake City after September 10. They will both resume their studies is Salt Lake City this fall.

Dr. Kent Staheli, brother of the groom, was unable to be best man at the wedding, because he is in the military service at Bremerhaven, Germany.

Reed Miller of Provo served as best man. Ushers were Paul Clark of Lafayette and Mauss Gordon and Chris Jeffries of Walnut Creek.

The bride wore a gown of white chiffon with fitted bodice and softly draped neckline over the shoulders, where it fell a la Directoire to meet the chapel train.

Her shoulder-length white silk illusion veil hung from a lace cap of seed pearls.

The maid of honor wore pale blue crystallite; the bridesmaids wore turquoise crystallite. Pink carnations and baby roses were carried by the maid of honor and the bridesmaids.

After the ceremony a wedding breakfast was held at Fort Douglas Country Club for friends and relatives.

This evening a wedding party dinner will be given for the bride and groom and out-of-town guests by Mrs. Ward S. Clark at her home on Manzana Place in Lafayette.

Anne was honored at a neighborhood shower given August 15 by Mrs. Julius Kerns of Las Trampas Road, Lafayette; at a luncheon last Friday for 40 guests at the home of Mrs. Sidney Priday on Crocker Avenue, Piedmont, where co-hosts were Mrs. Fleming Pope of Piedmont and Mrs. W. E. Ellis of Berkeley, and at a shower August 10 by Mrs. Antone Clark and Claudia Clark of Alamo.

## Lawrence Rays Make Concord Their Home

The Lawrence Joseph Rays have made their home at 3224 Mt. Diablo Boulevard, Concord, following their Martinez marriage.

They recently returned from a Lake Tahoe honeymoon.

Lawrence is the son of Mr. and Mrs. Lawrence Ray Sr. of Franklin Canyon. The new Mrs. Ray is the daughter of Mr. and Mrs. Darrell Hart of Martinez.

As she was given in marriage by her father at St. Catherine's Church in Martinez, Neva was attended by Miss Elsie Crow, maid of honor; her sister, Sandra Hart, and Miss Patsy McDaniel, an aunt. Junior bridesmaids were Lawrence's sister, Donna Ray, and the bride's cousin, Tamara Jackson of Fresno.

Little Miss Debra Black was flower girl, while Cheryl McDaniel took charge of the guest book.

Oren Ray performed best man duties for his brother, and seating guests were Donald Strickland and Homer Swicegood.

Both are graduates of Alhambra High School, the benedict with the class of 1954, and Darrelyn with class of 1956.

Following the nuptial vow exchange, at which the Rev. Robert Coffey officiated, friends and family gathered at Martinez Masonic Temple for the reception.

## Orinda Party Will Feature Pinatas Decor

Gay Mexican pinatas made from colorful crepe paper have been the incentive for numerous gatherings throughout the summer by members of Cypress Branch, Children's Hospital of the East Bay.

Equipped with scissors, paste and bits of ornamental touches, the auxiliary members have completed several dozen of the delightful south-of-the-border holiday gift containers which will play a dual role in their branch activities.

First, they will set the pace for the decor at their September 27 luncheon and card party to be given at the Orinda home of the Fred Andersons, and later will be featured in their booth at the annual Exhibit Tea hosted by the branches at the Hotel Claremont in November.

As for the September 27 luncheon, arrangements are being completed by a committee consisting of Mrs. Austin L. Edwards, chairman, and Mesdames FFred Anderson, Donald F. Hather, John Hink Jr. and Arthur Hargrave.

## Ann Hansen, Ron McKenzie To Be Married

Ann Hansen, daughter of Mr. and Mrs. Harold L. Hansen of 641 St. Mary's Road, Lafayette, will be married tomorrow to Ronald McKenzie, son of Mr. and Mrs. James A. McKenzie of Kansas City, Kans.

The 7 p.m. ceremony will take place at the Little Chapel of the Flowers in Berkeley, with Dr. George Hedley officiating.

The couple will live in Kansas, where Ronald has his own construction business. Their honeymoon will be their trip to Kansas.

Ann graduated from Acalanes High School in 1956, and she attended Dominican College at San Rafael and East Contra Costa Junior College.

Ronald attended Kansas City University. He has served in the Navy and is now in the Naval Reserve.

Ann's maid of honor at the wedding will be Karen Kooyman of Orinda. Bridesmaids will be Anne Nie of Orinda and Lee Pellerino of Lafayette.

Best man will be James McKenzie of Kansas City, Ronald's brother. Ushers will be Robert O'Brien and Dick Hansen, both of Oakland. Dick is a cousin of Ann's.

## Vi MacLean Is New President Of Auxiliary

Vi MacLean was elected president of the American Legion Post 115 Auxiliary, Walnut Creek.

Her officers include June Cuchna, first vice-president; Norma Giulieri, second vice-president; Ellen Annereau, secretary; Jane Giulieri, treasurer; Gertrude, Chappele, marshal.

Ruth Gorow, sergeant-at-arms; Anna Truskositz, chaplain; Shirley Stickel, parliamentarian.

Members will hold a rummage sale today and tomorrow with regular Post members at the Veterans Memorial Building. Proceeds will go for the child welfare program.

# Sun Society

## Mitchells to 'Open' Home

An open house will be held Sunday by Mr. and Mrs. Richard Mitchell of 1170 East Elmwood Drive, Walnut Creek.

The Mitchells are celebrating the completion of lanscaping and arrangements at their new home.

About 80 persons have been invited. Hours will be 3 p.m. to 6 p.m.

Mrs. Mitchell has chosen for the occasion a red oriental imported gown with shoes to match.

The Mitchells have lived in the home for about a year, and before that lived in Pleasant Hill. Their home is in the Walden area.

# Ostermiller-Gerow Rites Held at Garden Wedding

Claire Elyse Gerow, daughter of Dr. and Mrs. E. C. Gerow of 1080 Happy Valley Road, Lafayette, was married Sunday to William Ostermiller Jr., son of Dr. and Mrs. William Ostermiller of Reno.

Relatives and a few intimate friends attended the small garden wedding at the home of the bride's parents. The Rev. C. Lester Bond, the bride's uncle, officiated at the 3 p.m. ceremony.

Maid of honor was Beverly Samon of Glendale, Calif. Bridesmaids were Jean Gerow, the bride's sister-in-law, and Janice Ostermiller, the groom's sister. Sherry Peters of Irvington, the bride's cousin, was flower girl.

**MALE ATTENDANTS** included Robert Ostermiller, brother of the groom, as best man, and Ernest Katsuyama of Hawaii, Stanley Abrams of Ontario, Canada, and Richard Gerow of Happy Valley, Lafayette, brother of the bride, as ushers.

Claire and Bill met while attending Lodi Academy. Both have attended La Sierra College in Riverside, California, where Bill graduated last June.

After a honeymoon at Lake Tahoe they will reside in Loma Linda in Southern California, where Bill will be attending medical school.

**FOR HER WEDDING** the bride wore a dress of embroidered white organdy and a shoulder veil. She carried a bouquet of white orchids and bouvardia.

Her attendants' dresses were of pastel aqua green and embroidered organdy.

The bride's mother wore a gown of beige lace. The groom's mother wore a pink lace gown.

**KRAUL** — A son was born August 7 to Mr. and Mrs. Vernon Kraul of 1937 North Sixth Street, Concord, at Merritt Hospital in Oakland.

**MOOREHEAD** — A son was born to Mr. and Mrs. Basil Moorehead of 3 Mariposa Lane, Orinda, on August 7 at Merritt Hospital, Oakland.

# Women's Group Reception Set For Tuesday

Brilliant begonias and shining silver will grace the table at the Orinda Women's Club informal reception Tuesday morning, 10 a.m. to noon.

The entire membership will gather at the E. A. Patterson home at 1189 Upper Happy Valley Road, Lafayette.

Mrs. E. A. Patterson Jr., president, is chairman of the social and will be assisted by club officers: Mrs. Ernest Haynes, vice-president; Mrs. Clifford Campbell, recording secretary; Mrs. John Barkley, treasurer; Mrs. F. B. Tobias, auditor.

# Sun Society

## On The Lighter Side

by INA BLIESNER
YE 4-3818

Cheers to the 49ers! What a game that was yesterday! If you've never taken a Football Bus to a game, you've something in store. We boarded one at the Pleasanton Hotel and, with no stress and strain, were there before we knew it.

All were in good voice—and the renditions were something to hear. Good, too, to see the fog drifting over the field and feel that good old sea breeze on your face again after the summer "draught."

### THAT'S the kind of vacation!

Hear that Mary and Elmer Niederkruger (of "Christmas Gift Box" fame) are taking off towards the end of the month on a "go where ever the mood takes you" vacation. The Niederkrugers, who live in Orinda, are always on the go, it seems to me, especially Mary, who is forever working on some worthy project.

Walter and Tink Ammon of Orinda gave a baby shower for Barbara and Albert Johanson the other night. About time a worthy husband got into the act! Instead of the usual feminine gathering, husbands were included for a potluck dinner and the shower.

Also in Orinda, Mrs. Roger Patterson has had as her guest her mother, Mrs. Georgia Watts of Pomona.

**THIS SOUNDS LIKE FUN!** Louise Burk and Lorraine Olsen of the "Flicker Unit" are planning an unusual money-making affair for the benefit of the Mt. Diablo Therapy Center. They are calling it "Dutch Auction Time" and are asking guests to come to "Burk's Windmill" tomorrow at noon. Correct apparel will be shorts, pedal pushers or sundresses—just "be comfortable."

Each gal will bring her own box lunch and an item to be auctioned by Guest Auctioneer Richard Woldram Olsen, ESQ. (a very brave man!).

### Well, the ground work's done

The Steven Sybalski family is back from Bear River reservoir where they finished the foundation for their cabin. They even found time to do some fishing and the children, Mollie, Mike and Timothy returned home twice as healthy as ever—if such a thing is possible.

Walt Kirk (he's the psychologist at the Center) and his lovely wife, Joanna, flew East for a delightful visit in New York. Their headquarters were at the "Belmont Plaza." Some of the plays they attended were—"Tunnel of Love," "Bells are Ringing" and "Three Penny Opera."

They also took in a ball game and dined at many of the famous spots; "Luchous Famous Kitchen" and "Sardi's" for instance. Before returning, they spent two days in Philadelphia.

**PEGGY AND DON JOHNSON** have had such a happy summer for his sister, Ruth Reddy, St. Paul, Minesota, has been visiting for seven weeks. During this time they spent several days in Carmel and several at the Earl Kinyon (Mureen Kinyon is Peggy's sister) ranch at Springville.

And such a beautiful ranch that is (we had the pleasure of spending a weekend there three years ago) with its acres and acres of rolling hills. The Ralph Gordons, formerly of Walnut Creek, spent this last week-end with the Johnsons. Peggy did such a lovely job of decorating the table for the refreshments when a one-day conference for Rehabilitation Trainees was held at the Center.

### Pink, pink . . . everything pink

The table was covered with a large, full, pink organdy cloth and the centerpiece was composed of pink daisies. Of course, pink lemonade was served along with dainty cookies. On a hot, HOT day, what could have been more refreshing? Nine other "Flamingos" were busy with planning and serving.

Mr. and Mrs. Tom Graham and their family have returned from a week's vacation at Tuolomne. On August 7, Mrs. Melvin Katzer entertained at a bridge party. Guests were the Mesdames Robert Jennings, T. J. West, Carl Switzer, Neil Norris and Frank Wells.

**ANOTHER FOREIGN** exchange student is welcomed in this area! Mr. and Mrs. Dave Humphrey and their family in Danville have "adopted"—for a year—Jan Overmo from Hedemora, Sweden. What a wonderful experience for all.

# AAUW Seek Members

The Walnut Creek Branch of the American Association of University Women extends an invitation to membership to local women holding an accepted degree from an institution approved by the AAUW committee on Standards and Recognition.

AAUW is a national organization with State divisions and local branches and it enjoys international fellowship with college women around the world.

**MRS. J. A. BUCKLEY,** president of the Walnut Creek branch, states that the 1957-58 program will include study groups on education, international relations, the arts, social studies, books, status of women, and legislation, in addition to monthly meetings and social vents for all members.

Plans are being made for several "coffee hours" to be held for prospective members to acquaint them with the branch and its activities.

Mrs. L. R. Olson, chairman, invites prospective members to contact her or one of the following members of her committee as soon as possible so they may be included in the "coffee hours" and receive the advantages of the full year's activities. Committee members are:

**MRS. L. R. OLSON,** YE 4-4284, 522 Shelly Drive, Pleasant Hill; Mrs. E. O. Condeff, YE 4-9142, 1201 Dewing Lane, Walnut Creek; Mrs. Ed Dunlap, YE 4-9678, 3240 Sn Valley Ave., Walnut Creek; Mrs. R. P. Whaley, VE 7-5034, Danville; Mrs. Gordon White, YE 4-9753, 412 Beatrice Road, Pleasant Hill; Mrs. O. D. Anderson, YE 4-9429, 9 Vista Hermosa, Walnut Creek, and Mrs. B. M. Robertson, AT 3-3217, 656 Evelyn Court, Lafayette.

# Plan Dutch Auction Tomorrow

"Let's go Dutch," reads the invitation mailed to friends of the Flicker Unit of the Mt. Diablo Therapy Center.

The Walnut Creek residence of the Howard E. Burk's will take on the atmosphere of a Dutch windmill tomorrow afternoon as guests gather for a dutch lunch followed by a Dutch auction.

The chant of auctioneer Richard W. Olsen will be heard as guests make 10-cent bids on an interesting assortment of household, garden and personnel items. Mrs. Olsen is co-hostess with Mrs. Burk.

An animated Dutch figure will greet the guests at the entrance of the Burk's patio. Authentic Dutch shoes, lifelike Dutch figures and a small windmill will carry out the theme.

Assistance will come from the Mesdames Werner Peterson, E. William Palmer, David Penna, Harold Vincent and Leo J. Kieny.

**ORINDA WOMAN'S CLUB will hold an informal reception Tuesday morning at the E. A. Patterson home, 1189 Upper Happy Valley Road, Lafayette, for all its members, "old" and new. Discussing plans for the event are, left to right, Mrs. Freeman Bishop, art chairman; Mrs. Jack R. Wallace, new member; Mrs. E. A. Patterson Jr., president; Mrs. Ernest Haynes, vice-president, and Mrs. Carl W. Schroeder, membership chairman.** —Sun photo by Harry Maroulas

# Sunday Will Be 'Buddy Day' At Meadowbrook

Sunday will be Buddy Day at Meadowbrook Golf Club in Reliez Valley. Starting time for the first foursome will be 11 a.m. for men who bring a guest "buddy."

Club handicaps are still not entirely established, so a leveling "Callaway" handicap system will be used.

During the tournament hours women members will have their own separate amusements, with a bridge tournament arranged by Mrs. Albert M. Wolff.

The women's golf committee will direct hole-in-one and putting green competitions as well as a Scotch sixsome event after 3 p.m.

The cocktail hour, courtesy of the club, will begin at 3 p.m. A chicken barbecue will be served beginning at 4 p.m. and lasting through the dinner hours.

This special August function at Meadowbrook is under the supervision of the board of directors, including Arthur E. Lambert, Albert M. Wolff, Edward Moran and Hilary Turner, and the social affairs committee, including Clinton Paine, Fred Schlaman, Fred Guarneri, Charles Alameda, Robert Sayles, William Dooms, Miss Gwynne Reeves and Mrs. Joseph E. Lahey.

The golf committee, headed by Joseph E. Lahey and including Edward A. Kerber, Arthur Landers, Thomas Montague, Jess Braucht, Emile Fabian, Dr. Frederick Ackerman and Mesdames Albert M. Wolff and Hilary Turner, will assist in arrangements.

# Lehr Estate Is Setting for Parkes Wedding

The Murray Lehr estate in Lafayette was the setting for the wedding last Saturday evening of two Southern Californians — Dr. Maury L. Parkes, eminent plastic surgeon, and the former Gloria Miller Fishman.

With their bridal party and 52 guests, Dr. Parkes and his bride were flown to this area from Beverly Hills, for the wedding.

The wedding took place inside the Lehr home, with Judge Homer Buckley of Oakland officiating. A reception in the gardens followed.

Localities present, in addition to the Lehrs, were the Les Malloys of Lafayette and the William Scatenas of Orinda.

# EBMUD Plans 10-Year, $275 Million Program

A 10-year construction and development plan costing as much as $275 million is being planned by the East Bay Municipal Utility District to meet the area's constantly expanding needs for water, EBMUD Board President Louis J. Breuner announced yesterday.

The 10-year program, developed by the EBMUD Engineering Department over the past nine years, will now be reviewed by the Bechtel Corporation of San Francisco, Breuner said.

The Bechtel engineering study and review, authorized by the EBMUD Board of Directors, is now under way and is expected to take at least four months, Breuner added.

**BECAUSE OF** the magnitude and importance of the expansion program needed during the next 10 years, said Breuner, the EBMUD Board of Directors felt a review by an independent consultant was advisable.

"The Bechtel firm has a world-wide reputation of skill in the engineering field," Breuner declared.

"They have agreed to make a careful, detailed check of the projects which our Water Resources and Planning Division says we must have by 1967, when we reach the expected average consumption of 200 million gallons of water daily.

**"AT THE PRESENT** rate of consumption increase each year, this 200 million gallon figure appears inevitable within the next decade.

"The Bechtel report," Breuner said, "will give us a complete analysis of the utility district plans and cost estimates for facilities to meet our water requirements in the next 10 years.

"When the final studies are completed and recommenations are in, the utility district can put its stamp of approval on a definite 10-year construction and development program."

**EXPANSION OF** the EBMUD water system has been going on at a rapid pace ever since the end of World War II, according to Breuner.

"Water consumption has now reached the point, however, where we must begin construction of major additions to the system," Breuner declared.

"The East Bay area, one of the fastest growing sections in the nation, can continue to expand without hardship only with the positive assurance that an ample supply of good water will be available for industry and homes."

**BREUNER EXPLAINED** that for the past 10 years the utility district has invested up to $8 million annually for additions and improvements to the water system.

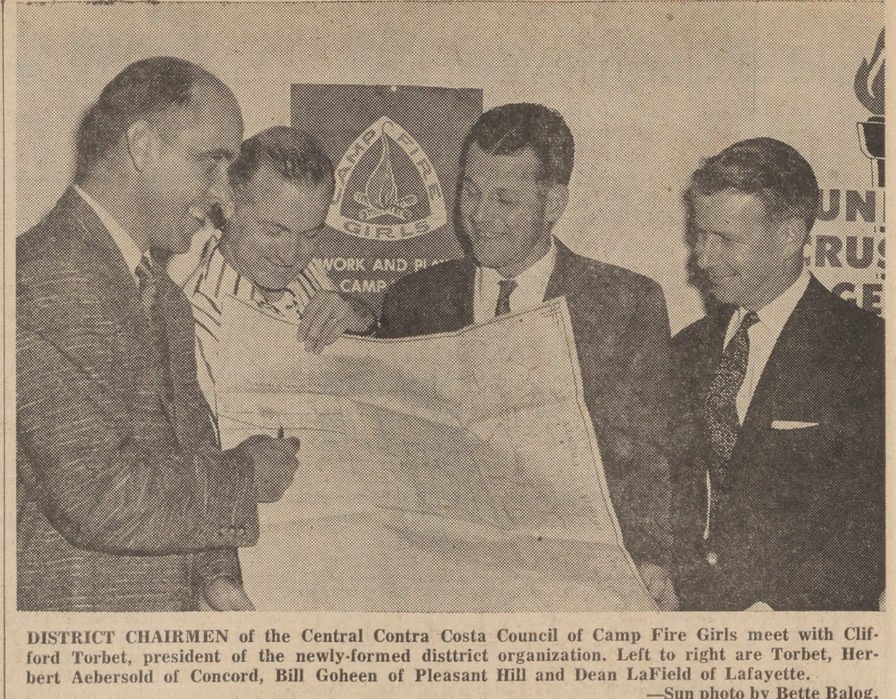
This investment will be more than tripled for the next 10 years, he said, because of the key construction projects which will be superimposed on the normal expansion program.

These major projects include additional impounding reservoirs on the Mokelumne River, aqueducts to carry Mokelumne River water, terminal reservoirs, and filter plants in the local system.

**"AN EXPANSION** and development program of this size will have to be financed by bond issues at a future date," Breuner declared.

"These bonds will be retired in an orderly manner just as our previous issues have been paid without disrupting our financial stability."

Soon after the Bechtel Corporation report is completed, the utility district will be in a position to announce full plans for meeting the area's future water requirements, Breuner concluded.



DISTRICT CHAIRMEN of the Central Contra Costa Council of Camp Fire Girls meet with Clifford Torbet, president of the newly-formed disttrict organization. Left to right are Torbet, Herbert Aebersold of Concord, Bill Goheen of Pleasant Hill and Dean LaField of Lafayette. —Sun photo by Bette Balog.

## Car Dealer Law Requires Bond

The State Department of Motor Vehicles will begin enforcement October 1 of a new law requiring both new and used car dealers to post a $5000 surety bond as a condition of obtaining a DMV license to do business.

The October effective date of the law applies to applicants for original dealer licenses. Dealers licensed prior to enactment of the new Vehicle Code provisions are not affected for the remainder of this year. They will, however, come under the statute upon applying for renewal of their licenses for 1958.

The new law, authored by Assemblyman Thomas J. McBride (D-Sacramento), in the 1957 session of the State Legislature, has been hailed by Governor Goodwin J. Knight and Motor Vehicles Director Paul Mason as "another milestone in California's program to extend the fullest legal protection to the motoring public."

## Christian Science

The wisdom of basing thought on constructive, perfect, spiritual models will be emphasized at Christian Science services Sunday.

Christian Science churches in this area are located at 22 Orinda Highway, Orinda, and 1347 Locust Street, Walnut Creek. The Christian Science Society of Pleasant Hill meets at the Hillcrest Congregational Church on Gregory Lane.

Keynoting the Lesson-Sermon entitled "Mind" is the Golden Text from Romans (11-33): "O the depth of the riches both of the wisdom and knowledge of God! how unsearchable are his judgments, and his ways past finding out!"

Selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following (248: 26-29): "We must form perfect models in thought and look at them continually, or we shall never carve them out in grand and noble lives."

Scriptural readings include the following (Phillippians 3:15): "Let us therefore, as many as be perfect, be thus minded: and if in any thing ye be otherwise minded, God shall reveal even this unto you."

## TB Group is Planning Flu Campaign

The County Tuberculosis and Health Association is preparing to aid in the control efforts against Asiatic flu.

The disease is expected to strike the Bay Area this fall, according to Kenneth McPhee, president of the association.

Plans are to use Christmas Seals in the fight, as the Asiatic flu also affects the respiratory tract. However the decision rests with the California Tuberculosis and Health Association. McPhee has written the state group asking for its advice.

## Officers Take Field Training

Several area men are taking part in U. S. Army reserve field training at Fort Lawson, Washington. Their summer work, including conferences, demonstrations, practical exercises and lectures, lasts for two weeks.

The officers are Lt. Col. John Myers of 808 Avalon, and Maj. Aldus Gridley of 1200 Clover Court, both from Lafayette; also Maj. Robert Marshall of 3232 Hudson Avenue, and Capt. Donald McIntosh of 1091 Scots Lane, from Walnut Creek.

## Shifts Made In County Public Works

William C. Dalton has resigned as county assistant public works director, construction division, to become assistant district engineer for the Central Contra Costa Sanitary District.

Dalton has worked for the county for more than 10 years and has been construction engineer since January, 1951.

He will be replaced by E. M. McCarthy.

Donald D. Chamberlin, civil engineering associate, will be promoted to the position of assistant public works director, maintenance division.

Effective November 1, Dan Tonelli, resident engineer in charge of the San Pablo Dam Road construction project, will be reassigned to the position of civil engineering associate in the maintenance division.

## Children Day Camp is Held At City Park

The County Crippled Children's Society is holding its annual day camp at the Walnut Creek city park.

A full program has been undertaken, including crafts, entertainment and nature studies for the boys and girls, Monday to Friday this week and next week. Hours are 10 a.m. to 4 p.m.

Mrs. Leslie Lopez of Concord is in charge. The children are being transported to and from their homes each day.

## Real Estate Course Planned

The Contra Costa County Real Estate Board will sponsor the University of California extension real estate course to be held at Pleasant Hill High School starting next month.

The course will begin September 10, and will be held on succeeding Tuesdays for 12 weeks. The course will be in Room 502.

Claude Daughtry, a Berkeley realtor, will instruct. Daughtry spoke Monday at a regular meeting of the Mart. His topic was "Boost Your Earnings with Good Listings."

## Realtors to Hold Barbecue Monday Night

Members of the Contra Costa County Real Estate Board are signing up for their annual barbecue to be held Monday night at Chubby Humble's in Clayton.

The theme is Calypso, and rhythms will be provided by Little Jack Horner. Favors and funmakers but no speeches will be available.

In charge are Bob Clough and Bill Hayward.

Ticket chairmen are Frank Curtis, Marian Pittman, Tom Duffy, Earle Pierce, Al Ingalls, Doug Matthey, Lloyd Holton, Jack Wolverton, Ken Cunninghame, Tom Clausen, Eldora Elder and Louise Black.

The social hour will begin at 6 p.m. and dinner at 8 p.m. Dancing will last from 9 p.m. to 1 a.m.

**STOPPING TIME**

No matter how good the brakes on your car are, it still takes you about three-quarters of a second to get your foot on the brake pedal when you see danger. In this time your car travels 33 feet if you're going 30 miles an hour. The California State Automobile Association urges you to allow an adequate margin for safety.

## Teachers Set Sunday Workshop at Berkeley

Methods of improving teaching and teaching standards will occupy the attention of more than 100 educators from all over California at a workshop in teacher education to be held at the University of California, Berkeley, Sunday through August 31.

Participants will have the opportunity for cooperative study of problems from their own programs, institutions, organizations or school districts.

## Disc Jockey, Queen Will Star at Capwell's Show

Popular KOBY disc jockey Ted Rogers will top off Capwell's-Walnut Creek's High School Board Fashion Show featuring Barbara Westbrook, Miss Contra Costa County of 1956.

Miss Westbrook will model the latest back-to-school fashions in the Saturday afternoon show tomorrow at 2 p.m. in the second floor Collegienne Shop. The witty Ted Rogers will spin records from among KOBY's top 40 tunes and chatter with the teen audience in the adjacent Junior Debs department immediately after the fashion presentation.

Miss Contra Costa County, Barbara Westbrook, will model the school fashions along with 10 fashion board members who were chosen from among 30 competitors in June.

The beauty winner, plus the style panelists, will be available after the show to aid teeners in selecting their fall back-to-school outfits. Pat Fink will be the commentator for the Saturday afternoon style showing.

The style emphasis in the show will be on sportswear and wool. Capri pants will be stand-bys, along with increasingly popular Shetland sweaters. The co-ordinated outfit, with plaids a strong theme, will also be featured.

Representing 10 Contra Costa high schools, the modeling fashion panelists are: Pat Siefker, Acalanes; Judy Viland, Alhambra; Diane Danilovich, Antioch; Sharon Ivory, Las Lomas; Ann Fredrickson, Miramonte; Roberta Berglund, Mt. Diablo; Judy Street, Pacifica, and Mary Ellen Rayner, San Ramon.

There is no charge for the Capwell's-Walnut Creek High School Board Fashion Show in the South Broadway store.

## Accountants to Hold Barbecue

"The Diablo Chapter of the Society of California Accountants will hold a barbecue outing at Martinez Municipal Park Monday evening.

This annual event for the public accountants takes the place of the regular monthly meeting. President Harold Apgar of Walnut Creek announced that it will be under the chairmanship of William Heruth and Charles Cohn of Martinez.

## Ease of Daisy Growth Prevents Its True Praise

Perhaps the very ease with which the simple and unassuming daisy is grown prevents it from receiving the praise due it. However, few flowers can boast its popularity as a cut flower or its effectiveness when used in this fashion.

Recent improvements made in daisy strains, which include both annuals a nd perennials, have produced a variety of forms to suit every gardener's taste. The recent Shasta introduction Jersey Cream, for instance, brings to the garden beautiful, double, four-inch flowers with strong stems, vigorous growth great disease resistance and early, long-lasting blooms.

Melissa, a semi-spider type from England, has a good stem and vigorous, hardy qualities of growth. Its flowers keep well: Snow Queen, introduced last year, is excellent for garden use, bearing double, five inch flowers on a compact plant. It comes into bloom in warm winter spots in mid-December. The Award of Merit Winner in England, T. E. Killen features six-inch flowers of anemone type. Its cut flowers are very long-lasting.

Some of the "old-timer" Shasta daisies you will find blooming in your local nursery are: Esther Reed, Chiffon, Marconi and Majestic. They are all white in varied flower forms.

Michaelmas Daisies, or Hardy Asters as they are also called, include many varieties with attractive colors and bloom shapes that appear in the garden after many perennials have ceased flowering. Michaelmas Daisies include the blue Aster Frikartii and other varieties that bloom in pink, blue, white, crimson and violet.

Other daisy species that give dependable garden and cut flowers are the Transvaal or Gerbera hybrids with yellow, cream, pink, rose, orange and red flowers; the Marguerite, which grows bushy with yellow, golden or white flowers; and the Northland Daisy or Chrysanthemum Articum, blooming in shell pink, soft yellow, rose pink and buff yellow.

## Most Missing Persons Absent Selves Purposely

Most of the "missing persons" reported to the County Sheriff's Department have deliberately absented themselves, experience has proven.

Sheriff Harry A. Brown in a recent newsletter explained some of the aspects of missing persons cases, and what action is indicated.

He said that prompt action is always necessary where juveniles are reported missing.

But in the case of an adult, the Department has established a policy of contacting persons related to the case before filing an all-points bulletin. Exception to the delay is where an accident, foul play or amnesia is indicated.

In a missing persons case, all hospitals and the Highway Patrol will be contacted. The police or sheriff's department at the last known location of the missing person is asked to conduct an investigation.

If a boat were involved, the Coast Guard, Sheriff's patrol boat and private boats are brought into the search.

If a plane is involved, the Civil Air Patrol and Armed Forces searching groups are contacted.

Brown added that an "alert citizen" is often the best searcher the department has.

## Mail Rate Boost Urged by Baldwin

Congressman John Baldwin (R-Martinez) has told Contra Costa and Solano County constituents that "we are just fooling ourselves when we think we can avoid paying for this postal deficit."

The Sixth District congressman said he had voted for a postal rate increase bill which passed the House of Representatives week but is expected by many observers to die in the U.S. Senate.

Baldwin said leaving postal rates where they are and paying for them by increased income taxes or an increase in the national debt is an "inequitable solution."

He cited a 1955 questionnaire in which 68.4 per cent of the voters favored raising second and third-class mail rates and 48 per cent favored raising air postal rates.

## Panthers to Face Powerful S. F. Team Tomorrow

The Contra Costa Panthers will seek their second win of the season tomorrow night with the tough South San Francisco Windbreakers onthe South SF gridiorn.

**THE SAME PANTHER** eleven that looked so powerful in blanking the Oaklanders was unable to untrack against the prison team. San Quentin's Pirates held a 14-0 lead after the game's first four minutes, and the inmates made it stand up all the way.

Fumbles, penalties, a pass interception and a tough Pirate line held the Panthers to a single touchdown in the second half though the Contra Costans were in control during the final two periods.

Halfback Frank Aiello accounted for the only Contra Costa touchdown. His seven-yard run over right guard climaxed a 55-yard drive following the opening kickoff in the second half.

**SAN QUENTIN COUNTERED** with an insurance TD late in the fourth quarter on a pass interception that carried to the Panther 9 with the TD coming two plays later.

The inmates held an edge in yardage gained with 47 yards passing and 154 rushing for a net total of 201. Contra Costa was 38-124 for a 182 total, but the Panthers held the first down edge 9-6.

Linebackers Ed Miller and Joe Siino showed well for the losers as did ends Dan Calchico and George Moorehouse, guard Al Boots and halfbacks Manuel Jiminez and Aiello.

## Red Devil Machine Set For Practice

Drawing of equipment and physical exams are scheduled for the prospective 1957 Mt. Diablo High School football team Monday and Tuesday.

Candidates for the Red Devil machine will meet with Hart Fairclough on Monday and Tuesday in preparation for the first regular practice session on the field Wednesday.

Double sessions, morning and evening, are slated for the freshmen, sophs, juniors and seniors who'll play ball under the colors of Mt. Diablo.

The Red Devils will play an eight-game schedule, opening on Friday night, September 20, with Oakland Tech invading Diablo Field.

All of the Diablo Valley Athletic League - Contra Costa Division games will be doubleheaders with the junior varsity starting at 5:45 and the varsity at 8 p.m. Only one day game is on the slate, a 3:30 non-league afternoon tussle at El Cerrito September 27. Freshman games will start at 3:30 p.m.

The complete schedule follows:

**VARSITY**
Sept. 20—Oakland Tech at Concord.
Sept. 27—at El Cerrito.
Oct. 4—Bye.
Oct. 11—Las Lomas at Concord.
Oct. 18—at Antioch.
Oct. 25—Pacifica (home team) at Concord.
Nov. 1—Acalanes at Concord.
Nov. 8—Pittsburg at Concord.
Nov. 15—Pleasant Hill (home team) at Concord.

**JAYVEES**
Sept. 26—El Cerrito at Concord.
Oct. 4—at Miramonte.
Oct. 11—Las Lomas at Concord.
Oct. 18—at Antioch.
Oct. 25—Pacifica at Concord.
Nov. 1—Acalanes at Concord.
Nov. 8—Pittsburg at Concord.
Nov. 15—Pleasant Hill at Concord.

**FRESHMEN**
Oct. 3—at Alhambra.
Oct. 10—Pleasant Hill at Concord.
Oct. 17—San Ramon at Concord.
Oct. 24—at Pacifica.
Oct. 31—at Pleasant Hill.
Nov. 7—Open.

**RETURNED CAMPERS**

Ardis and Carl Agler of 1859 Granada Drive returned from the first part of their vacation on July 24. Their daughters, Cheryl and Judith, also accompanied them on the five day camping trip.

The outing took them to Reno, Kings Beach and Tahoe Vista, the latter places being at Lake Tahoe. Light hail descended upon them while they were at Tahoe Vista.

## Grid Practice Set At PH High School

Sixteen varsity lettermen and 24 junior varsity letter winners are expected to turn out Monday among 146 prospective Pleasant Hill High School football players for 1957.

An initial signup for the squad on June 6 indicated a large fall turnout.

Returning sophomores, juniors, and seniors will report to Briggs and his assistants at 9 a.m. Students new to the school, other than incoming freshmen, will report at the same time.

Processing for freshmen will begin at 11 a.m. and equipment will be issued the following day at 9 a.m.

Line back from the 1956 team are center Tony Bean, guards George Adams, Tom Foley, Mike Souza, and Bob McKenna; tackles Fred Rupprecht, Doug Jones, and Dave Prall, ends Charles Scott, Warren Millham, and John Pratt.

Returning in the backfield spots are halfbacks Tom Larschied, Lou Salazar, and Barron McDonald, fullback Roger Leonard, and quarterback Dud Buffa. In team honors last season, Buffa was voted most valuable player and Salazar was awarded the most valuable player trophy.

The schedule:
September 20—Livermore Varsity at Livermore, 8 p.m.; Livermore JV at Livermore, 5:45 p.m.
September 27—St. Mary's Varsity at Concord, 8 p.m.; PH JV bye.
October 4—Pittsburg Varsity at Pittsburg, 8 p.m.; Pittsburg JV at Pittsburg, 5:45 p.m.
October 11—Acalanes Varsity at Acalanes, 8 p.m.; Acalanes JV at Acalanes, 5:45 p.m.
October 18—Pacifica Varsity at Concord, 8 p.m.; Pacifica JV at Concord, 5:45 p.m.
October 25—Antioch at Antioch, 8 p.m.; Antioch JV at Antioch, 5:45 p.m.
November 1—Las Lomas Varsity at Walnut Creek, 8 p.m.; Las Lomas JV at Walnut Creek, 5:45 p.m.
November 8—Pleasant Hill Varsity, bye; Miramonte JV at Walnut Creek, 3:30 p.m.
November 15—Mt. Diablo Varsity at Concord, 8 p.m.; Mt. Diablo JV at Concord, 5:45 p.m.

**Freshman Schedule:**
October 3—Pacifica at Pleasant Hill, 3:30 p.m.
October 10—Mt. Diablo at Concord, 3:30 p.m.
October 16—Alhambra at Martinez, 3:30 p.m.
October 24—San Ramon at Danville, 3:30 p.m.
October 31—Mt .Diablo at Pleasant Hill, 3:30 p.m.
November 7—Alhambra at Pleasant Hill, 3:30 p.m.

**NINE-YEAR-OLD SUSAN DAVIS of Sleepy Hollow Pool, Orinda, will be one of the many contestants in the big Orinda Swim Meet to be held September 7 and 8 at Meadow Pool, Orinda, under sponsorship of the Orinda Junior Chamber of Commerce. The swim meet will be for the various pool groups in the community and for any interested individual Orindans.**

## It's Almost Time Again For Gridiron Contests...

By ERWIN MATTSON

**TIME IS ROLLING ON** and vacations will soon be but a pleasant memory.

**Football is already here, with the pros taking over at St. Mary's College, and the pigskin game will really be in the headlines with the preps and colleges getting the moleskins out of the mothballs.**

The St. Mary's campus has been the scene of workouts by the San Francisco 49ers, and crowds running into the thousands have watched from the sidelines as the rookies and the veterans have gone through their paces under the direction of headman Frank Albert and his coaching aides.

That is being changed, as the pracice games listed as exhibitions, and then league play, are on the schedule.

With games so near, Coach Albert has closed the gates to spectators. It's the first time the 49ers have had secret practice sessions, although other clubs in the league have done so as a regular practice.

**THE LOCAL PREPS** swing into action as they take physical examinations in the near future and spring into practice sessions next Wednesday.

**It's a bit early to clarify the prep grid picture, but from here it looks like another interesting season, with competition as keen as ever.**

A complete roundup of the prep grid situation, as well as at East Contra Costa, will appear in the near future.

**GETTING AWAY** from the gridiron sport—congratulations are certainly in order for Orinda's Miramonte track flash, Dixon Farmer, who has made headlines during the summer with his track exploits.

**He made a fine showing in the National decathlon held at Selma early this summer, then came back to win the Amateur Athletic Union's decathlon recently.**

**It's really a feather in Dixon's cap for copping such an all-around event at 16 years of age.**

**He is undoubtedly the outstanding prep track man in the northern part of the state.**

His solo performance last spring copped the North Coast Bee track title for Miramonte High.

**DICK JONES,** former Acalanes and East Contra Costa Junior College athlete, added another trophy to his collection recently when he was picked as the top man on a Bay Area team that rates high in semi-pro circles.

Webb Johnson, All-County football player from Las Lomas, is reported headed for Oregon State.

Rick McMillin of San Ramon, Charles Verduszo of Pittsburg and John Cadwell of Acalanes are in practice sessions as members of the East football team which will play the West All-Stars in an annual game that is fast gaining favor with grid fans.

## Swimmers Beat Sleepy Hollow

The Orinda Park Pool and the Sleepy Hollyow Pool had a swim meet at Orinda Park last Saturday.

Final score was: Orinda Park, 243; Sleepy Hollow, 68.

**THE FOLLOWING** gave outstanding performances — all new pool records:

Don Navone—12 and under boys—50 yard backstroke.

Kim Olsen, 8 and under boys—25 yard breaststroke, 25 yard freestyle, 25 yard butterfly.

Laurel Kirsten, 8 and under girls—25 yard butterfly

Mike Kersten, 10 and under boys—25 yard breaststroke

## Aquacade is Sunday; All Ages Entered

The annual aquacade will be held Sunday at 8 p.m. at the Soltau Swim School, 2540 San Miguel Drive, Walnut Creek. There is no admission charge.

The program will include demonstrations of strokes and diving by the Swim School students in the beginner, intermediate and advanced classes, and brother and sister swimmers and family groups.

A nine-month baby will be introduced to the water, while watching his four-year-old brother swim.

Canadian Olympic champion Irene Strong Gordon of 132 Overhill Road, Orinda, will demonstrate a medley of speed strokes.

There will be comedy dives, synchronized swimming, fancy one-meter spring board dives and an actual demonstration of the "Waterproof our Child" system, where swimming with clothes on is practiced.

Young swimmers from Walnut Creek, Lafayette, Orinda, Pleasant Hill, Martinez and Danville will participate.

## Diablo Needs Caddies

The Diablo Country Club has issued an emergency call for caddies to pack the bags when the third annual Diablo Invitational is played August 30-September 1.

A total of 84 two-man teams will wander the course out Diablo way trying to bring home a bit of loot.

Play, according to Co-Chairmen Bill Warren and Paul Fullmer will be on a best ball of two-some basis with full handicaps the rule to ease the progress of those more gifted with optimism than pure golfing skill.

Among the top-notch players who will be showing the way will be Aldo Galletti, Hi Hennings, Bill Higgins, Arnie Boscacci, Lloyd Rossi, Charley Seaver, Jim Frost, Eli and Jack Bariteau, Steve Stimac and Jim Louriero.

## Local Swimmers In Oakland Meet

The Soltettes of the Soltau Swim Club in Walnut Creek were represented in the recent AAU Outdoor National Synchronized Swimming Championships held in Oakland.

Although the first three places in stunt competition were held by Hollywood, Chicago and Oakland girls, the Soltettes did not fall far behind. They topped girls from Michigan, Utah, Missouri, Arizona, Texas and various cities throughout California.

Representing the team were Judy Baumann who received a score of 287.35, Nancy Stephens scoring 241.05, and Judy Laity with 281.75.

The Soltettes placed fifteenth in Duet Competition with a melodious number called "High Notes." The "High Notes" were Sharon Stanton and Sandy Ferro. They received a score of 46.84.

Doing a number called "Sailor Shenanigans," the Soltettes received a point score of 48.239 to place them ninth in team competition throughout the United States.

The team included Betty Casady, Judy Laity, Judy Baumann, Mary Casady, Nancy Stephens, and Medeline DeKlotz.

First in that division were the Athenians of Oakland and next were the Niads from the Moose Club, also of Oakland.

## Orinda Tennis Team Defeats Arden Hills

Results from the Arden Hills vs. Orinda Country Club tennis match in Sacramento August 13:

Mike Downs, Orinda, won from Rich Kohn, 6-3.

Miller Freeman, Orinda, won from Jay Harris, 6-3.

Liz Hart, Orinda, won from Babs Bain, 6-4.

Judy Hopkins, Orinda, won from Gail Hoos, 6-1.

Sue Skaggs, Orinda, won from Sally Bain, 6-2.

**CHERIE SHARP,** Orinda, won from Gay Lawrence, 6-0.

Under-13-year girls from Orinda shut out (without a loss) Arden Hills 6-0 in every match.

Sandy Corbett, Orinda, lost to Bill Eavis, 7-5.

Corbett and Gilwee, Orinda, lost to Eavis and Nusbaum, 6-4.

Gerry Hopkins, Orinda, won from Rob Olson, 7-5.

Don White, Orinda, won from Dick Little, 8-6.

John Reilly, Orinda, won from Jim Hobbs, 6-1.

Allan Howard, Orinda, won from Jim Olson, 6-1.

Saputo and C. Gilmore, Orinda, won from Livingston and Lausman, 6-0.

**TOTAL—O.C.C.,** 38 wins; Arden Hills, 15 wins—53 matches played.

Arden Hills hosted the group afterwards at a swim and barbecue. On September 15 O.C.C. will host Arden Hills when Arden Hills comes to Orinda for matches.

## Kinney Leads Women's Golf Competition

Mrs. Edward Kinney turned in the best handicap score in ladies tournament play last weekend between the Orinda and Meadow Club at the Meadow Club grounds.

Three other Orindans, Mrs. Jack Scammell, Mrs. H. F. McIntyre and Mrs. Leonard Hagstrom led classes B, C and D, respectively. All three ladies had handicap scores of 78.

Mrs. Kinney turned in a gross score of 87 to lead the Class A competition. Her 15 handicap gave her a 72. Lowest gross was recorded by Mrs. J. W. Small with an 84.

**CLASS A**—Mrs. Edward Kinney, Orinda, 87-15-72; Mrs. R. F. Hopkins, Orinda, 91-16-75; Mrs. N. Longfellow, Meadow, 8-12-76; Mrs. J. W. Small, Orinda, 84-8-76; Mrs. Merle Noble, Orinda, 89-10-79.

**CLASS B**—Mrs. Jack Scammell, Orinda, 95-17-78; Mrs.H. R. Merriam, Orinda, 98-19-79; Mrs. Eugene Payne, Orinda, 98-19-79; Mrs. George Thomas, Orinda, 100-21-79; Mrs. Lawrence Garrett, Meadow, 101-21-79.

**CLASS C**—Mrs. H. F. MacIntyre, Orinda, 102-24-78; Mrs. William Kilgo, Orinda, 103-24-82; Mrs. Floyd Spence, Meadow, 107-25-82; Mrs. Al Tornluf, Orinda, 106-23-83.

**CLASS D**—Mrs. Leonard Hagstrom, Orinda, 105-27-78; Mrs. Alex Konkin, Orinda, 110-30-80; Mrs. J. E. Stone, Orinda, 108-28-80; Mrs. John Tiedemann, Orinda, 114-34-80.

**SWIM EXHIBITION**

Ending a two week course in the summer Swim-to-Live Campaign was Ralph Floyd, 9, who received honorable mention for his form in the crawl, side and back crawl strokes in the competitive events.

Participants from Monte Gardens in the exhibition of beginners were Ethel Harrison, Steve Mashore, Jeff Chaney and Patti Floyd.

These children were part of a group of four schools, the third group in four group sessions.

## Farr's TV Takes Win In Final Bowl Play

Farr's TV will receive the first place sponsors trophy won by their team on the final night of league play Tuesday at Monument Bowl.

Farr's four point win over Stone's Men's Wear put them ahead of Martin Brothers, the second place team, by five points. Elinor Rhoda of the winning team turned in a 451 for high series of the evening.

She also holds second place for high individual series with 527 and second place for high game of the season with a 213.

Farr's other team members are Marianna Tuohey, league secretary; Midge Masklyne, Frances Wong and Frieda Taylor, who holds a record for high game for the season, 242.

Martin Brothers split the four points with Tri-Cities Amusement, thereby retaining their second-place spot with 35 wins and 21 losses.

Team members are Beverly Martin, Helen Rickets, Alice Litynsky, Barbara Underwood, and Adele Lyons.

Bill's Texaco and Davi Jewelers won 2 points each, and Farmers Insurance Group dropped 3 to Quaker State. Marian Berry of Bill's Texaco picked up the 5-10 split, and her team, with the lowest team average of the league came in third.

Leona Berczyk's 175 was high game of the evening. Lois Nelson holds the season record for high individual series with a 532. Both girls bowl for Stone's Men's Wear.

Trophies and prize money will be awarded Tuesday at a banquet at Crow Canyon Chateau at 8 p.m.

Sweepstakes winners: Midge Masklyne, Helen Rickets and Leona Berczyk.

## Avon Still Leads In Kegler Circuit

With one week of play remaining in the Monument Women's Summer Handicap Bowling League, the championship race has narrowed to two teams.

Avon Cosmetics boosted its season mark to 37½ wins and leads runnerup Willow Pass Laundrramat by 3½ points.

Avon split 2-2 with Hilson's in Tuesday night action at the bowl while Willow Pass beat Monument Catering Service 3-1. Three teams—Catering, Johnson Ant and The Laundramat, are tied for third with a 33-23.

Merle Ferre of Johnson's turned in the season's best series with games of 219-170 for a 567 series.

In final games Tuesday, the league leading Avon club will meet the Old Hangout while Willow Pass will clash with Jersey Queen Farms.
